

During the Fall 2016 semester...

DID YOU KNOW?

- Health insurance is not necessary to visit the health center.
- Gynecological and contraceptive services are available by appointment.
- Phlebotomy services are available twice a week on Tuesday and Wednesdays.
- Over-the-counter medication is available without an appointment.
- STI testing and counseling is always available by appointment.

ONLINE SERVICES AVAILABLE

 **You can make Health Center appointments online!** 56% of the students who visited the Health Center during the Fall 2016 semester made at least one appointment online at lehigh.edu/health. Online appointments save you wait time as compared to walking in.
