The First-Year Experience at Lehigh

- Summer Checklist (May–August)
- preLUsion (August 21–23)
- Orientation (August 24–27)
- Camp Hawk (September 15–17)
- evoLUtion Seminar (September–November)
Welcome to Lehigh! In just a few months you will join the rest of the Class of 2021 and we cannot wait to meet you! We want to start your experience with a vocabulary lesson: At Lehigh, evoluTion is the name of your first-year experience, a gradual process in which you will change into a more complex individual. Your evoluTion is just beginning...

Another term you will hear throughout your Lehigh experience is bLUeprint. We want you to intentionally create your Lehigh experience and make meaning of all your interactions, conversations, lectures, experiences, etc., using the Five Foundations for Student Success. We want you to discover more about yourself and Lehigh, explore the vast array of ideas and experiences in this community, connect what you learn inside and outside the classroom, and apply your understanding and insight to future endeavors. We want you to try new things, step out of your comfort zone, and reflect on who you are and who you want your college experience to help you be in the future. We want you to evolve into the best version of yourself. The Office of the First-Year Experience (OFYE) is just one university office that will be guiding you throughout the next few years. Get ready, it is an exciting journey!

While it is up to you to create your Lehigh experience, we will shape your exposure and learning, using the Five Foundations for Student Success:

- **Creative Curiosity** — Developing a creative and curious outlook to guide and shape every aspect of your life.
- **Identity Development** — Developing into your own unique person, living out your carefully chosen values and beliefs.
- **Collaborative Connections** — Shaping collaborative relationships and communities, utilizing your personal values.
- **Inclusive Leadership** — Developing inclusive leadership skills that guide your decisions, actions and contributions to a diverse community.
- **Professional Growth and Success** — Creating and living out a personal definition of success based on your interests, who you are, and what you want to contribute to the world.

We know you have a lot on your mind as you prepare to start your college career, so the information in this Welcome Kit is designed to help make this a smooth transition. **Be sure to read everything on these pages and then complete the necessary tasks.** It’s your experience and you need to know what is on these pages.
As a new student, there are a few things you need to complete before August. We call it your Summer Checklist. Make sure you complete these items (and not your mom, brother or cousin, even though they may be tempted to help you out). Finishing these tasks on your own, or with a little guidance from us, will help you in the event you have a question when you arrive in the fall. Trust us. We have done this before.

- **LOG INTO THE CAMPUS PORTAL**
  The Campus Portal (portal.lehigh.edu) is your one-stop-shop for Lehigh Information. The Campus Portal credentials are your six-character username (e.g., abc123) and the password you established after you were admitted. **Note that this portal is different from the applicant portal**—you used your personal email address to access the applicant portal. When you were admitted to Lehigh, you should have clicked on a link to open your Lehigh computing account, where you created credentials to access the Campus Portal.

  If you haven’t opened your Lehigh computing account, go to the Applicant Student Portal and complete that process now!

  If you need assistance, please contact the Lehigh Help Desk at 610-758-HELP (4357).

- **LEHIGH EMAIL**
  On Wednesday, May 10, your Lehigh Gmail account will be made available via the portal and at lehigh.edu/google. Beginning on Monday, May 15, all official university communication will ONLY be sent to your Lehigh email! If you have questions regarding your Lehigh Gmail account, check out the computing tab on the portal.

- **SUMMER CHECKLIST**
  The Summer Checklist is designed to help you keep track of the tasks you need to complete before your arrival. You can check off items as you go! On pages 3 and 4 are a few notes regarding specific checklist items. This is not a complete list! Log into the Campus Portal for a complete list and to view item deadlines.

Reminder:

**evoLUtion:1 tab goes live on Wednesday, May 10!**

On Wednesday, May 10, you will be given access to the evoLUtion:1 tab on the portal. This tab is just for first-year students and has been created to help you keep everything organized using the Summer Checklist. You will be notified via your personal email when you have access to evoLUtion: 1.
GETTING STARTED

SUBMIT YOUR ID CARD APPLICATION
Your ID card identifies you as a member of the Lehigh community and grants you access to your residence hall, academic buildings, and athletic events. It is also how you access your meal plan and GoldPLUS account. You must submit your ID photo via email. More information is available on the Summer Checklist. You will receive your ID card at your residence hall when you arrive in August.

PREPARE FOR THE SUMMER READING DISCUSSION
Develop and polish your college-level reading and critical thinking skills through our Summer Reading Program. You and your classmates will investigate our 2017 theme, History and Societal change. Here’s how:

◆ Choose one of the books
  ● Freedom Summer: The Savage Season of 1964 That Made Mississippi Burn and Made America a Democracy by Bruce Watson
  ● The True American: Murder and Mercy in Texas by Anand Giridharadas
◆ Read the book you selected (or be awesome and read both!)
◆ Review the processing questions on the portal
◆ Prepare for a conversation with faculty and staff during Orientation
◆ Consider submitting a response to the Lehigh Review
◆ Check our website for other ways to get involved during the summer

What is the Lehigh Review? After reading either Summer Reading book, you will have the opportunity to submit a reflection to be considered for publication in the Lehigh Review, the university's undergraduate journal! For the past twenty-five years, this entirely student-produced journal has been publishing some of the best scholarly work by Lehigh students. To view the reflection prompts and learn how to submit your reflection, check the Summer Checklist.

SUBMIT YOUR STUDENT HEALTH FORMS
We tried to make completing health forms as easy as we could! All of the health forms you need to submit are in the back of this booklet. You will need to have a doctor sign off on some of the forms, so be sure to take care of this early! More information on health forms and Lehigh's optional Health Insurance Plan is available on the evoLUtion:1 tab. You cannot move into your residence hall until the meningitis paperwork is complete.
■ **COMPLETE SURVEYS**
On the Summer Checklist, there are a few surveys you need to complete including the Orientation Confirmation, Music Interest Survey and the Research Skills Assessment. The surveys will disappear from your checklist once you have completed them, so don’t panic if you log in one day and they are gone. Unless, of course, you didn’t complete them…then you may need to go check if someone in your family did it for you. (Then you need to ask why they have your login information. This is one time it is ok NOT to share!)

■ **CREATE YOUR LINC ACCOUNT**
The LINC is a “virtual campus center” and the primary location for the Lehigh community to learn about student involvement opportunities. At the LINC, you can manage your club and organization participation, learn about involvement opportunities, and join organizations, so create your account now. Instructions are available on the Summer Checklist.

■ **LIBRARIES AND TECHNOLOGY AT LEHIGH**
Library & Technology Services (LTS) supports the technology and library needs of students. LTS offers help and support, networking, computing labs, a myriad of library databases, ejournals, ebooks, free software, printing (up to 1500 pages), and more!

The LTS Help Desk and the Student Technology and Repair Services (STARS) help students with all kinds of technology issues. To find out more visit go.lehigh.edu/Itsintro.

■ **GET CONNECTED**
Meet your Orientation Leaders, stay on top of deadlines, and get an inside look at what’s happening at Lehigh by checking out our social media. The OFYE will be posting updates over the summer as we prepare and get excited for your arrival, so be sure to like us on Facebook and follow @LehighOFYE on Instagram and Twitter. Additionally, we encourage you to check out the Lehigh University Class of 2021 Facebook page to connect with peers!

---

**Reminder:**

All official Lehigh communication will be sent to your Lehigh email address, beginning May 15 and yes, you really do need to check it every day.
LIVE LEHIGH

Welcome Home!
Every student who lives on campus Lives Lehigh. The residence halls are not only a place where you sleep, study and hang out, but also where you begin to put the puzzle pieces together—the intersections of your education, identity and society. Each residential building cultivates that sense of community through spaces on campus where students can meet and mingle. Think of it as one of the aspects of Lehigh that turns a campus into a community. Your community. So, meet your neighbors. Talk to your Gryphon. Grab a cup of coffee or a bite to eat and engage with us. Choose to Live Lehigh.

How to Sign Up for Housing
Check your evoLUtion:1 tab summer checklist after May 10th for the link to complete your housing contract.

STEP 1: Choose a housing option. You can find more information about housing options and programmatic preferences at lehigh.edu/housing
- If you have a medical condition that requires special housing placement, please file all paperwork at go.lehigh.edu/fysmedical by May 31.
- Choose a single room if you wish to live by yourself, however, single rooms are not guaranteed. We have a limited number!
- If you preference a themed community and the community is filled before we finalize your housing, you will be assigned housing based on your other housing preferences.

STEP 2: Choose a meal plan (see page 9 for more details!)
If you want to change information you have already submitted, please complete the Housing Contract online again by May 31. The new submission will replace your original submission.

Themed Communities
Lehigh offers themed residential learning so you can meet people with a common interest! These options have a faculty or staff member who is actively involved in each community. In-hall activities are designed around each theme. For a full description of each program go to the evolution:1 tab.

This year’s options are:
- Arts Alive
- CHOICE
- Creative Commons
- First Generation
- Global Lehigh
- Outdoor Adventure
- PRIDE
- STEM
- UMOJA
Arts Alive
The ArtsAlive community connects living and learning through the arts on campus and in the local community. Activities will include making art in a variety of activities such as drawing, pottery, digital photography, improv theater, singing, musical instruments, dance, creative writing, glass blowing, and more! The community encourages participants to explore the arts and is open to all levels of artistic ability.

CHOICE
The CHOICE community offers a model residential experience committed to healthy, substance-free living and active engagement and is filled with extra/co-curricular activities that promote a sense of community and foster individual success. CHOICE residents are connected with one another and are involved in enhancing the Lehigh community as a whole.

Creative Commons
Google. FedEx. Facebook. Napster. College residence halls have a rich history of cultivating the ideas and collaborations necessary for the conception of many successful startups and innovations. The Creative Commons is a community of Lehigh students from a variety of backgrounds and disciplines with two things in common: big ideas and the drive to make them a reality. The community’s main goal is to help residents explore their passions in an immersive and competitive way through collaboration with The Baker Institute for Entrepreneurship and innovators in and around Bethlehem.

First Generation
The First Generation housing community’s mission is to constantly provide first generation college students with additional resources and communal support, all while celebrating the diversity and richness of each individual’s background. This community aims to empower first generation students by supplementing education in a way that is conducive to different learning styles, alleviating family stress and pressures by providing a supportive and stress free environment, and celebrating the richness and privileges of being a first generation college student.

Global Lehigh
Global Lehigh is an inclusive community for first year students who are interested in enhancing their cross-cultural skills, knowledge of other cultures and global affairs and understanding of diverse viewpoints by engaging in a diverse range of activities and experiences such as culture nights, dinners, holiday celebrations and intercultural dialogue.

The live.learn.serve. community strives to engage students in meaningful action with the Bethlehem and Greater Lehigh Valley communities. Through various community service experiences, students will explore what it means to be an active citizen within one’s local community and discover how personal contributions and community assets can collectively strengthen one’s community.
Outdoor Adventure
Outdoor Adventure provides an opportunity to explore and learn about the outdoors via educational trips, presentations, and bonding activities. Residents have the opportunity to engage in activities that facilitate a curiosity for the outdoors, a passion for adventuring, and the desire for teamwork and bonding.

PRIDE
The Pride Community endeavors to create an inclusive environment for individuals of all genders and sexualities to explore and celebrate their own identities. Residents will have both formal and informal opportunities to learn and grow together, as well as to connect with LGBTQIA and allied groups on campus and beyond.

STEM
Science, Technology, Engineering, & Mathematics, or STEM—most see challenges, you see opportunities. The STEM community will add special educational experiences to your living environment to help you succeed and make the most of varied campus opportunities that can distinguish your education. Supported in part by the Howard Hughes Medical Institute, the STEM living community will develop students for leadership roles in their chosen field. STEM housing features programming with experts, peer-to-peer mentoring, and close faculty advising for residents. The living environment is one part of a comprehensive commitment to the STEM student community. Be exceptional, be part of the STEM community.

UMOJA
Through collaboration with other student groups and offices focusing on diversity and inclusion, the Umoja House provides a space for personal growth through special programming and interaction between different identities. Throughout the year, the Umoja family becomes a center of mentorship and support. Individuals who join this house are committed to identity development and learning about the experiences of those around them, not only within the residence but in the broader campus community as well.

Be sure to check your Lehigh email for your housing and roommate information in July!

HOUSING APPLICATION IS DUE MAY 31!
Room Details
Room rates are the same for each building. Most residence hall rooms are doubles, but there are also a limited number of singles and triples. Each room has a bed with a mattress, desk with chair, bookshelf, dresser or built-in drawers and a closet or wardrobe. All rooms are equipped with an active cable jack. Wireless Internet access is available throughout all residence halls in both bedrooms and common areas. Within the residence halls, common areas include lounges, kitchens, study rooms, laundry rooms and game rooms. Vending machines are also located in each residence hall.

Housing and Roommate Selection
Lehigh assigns rooms based on desired housing and programmatic preferences. A random process will be utilized to determine your housing assignment along with others who have made similar selections. To accommodate all students, halls are pre-designated by gender based on enrollment.

Once your residence hall is assigned, you are matched with a roommate using the information you provide on the Housing Contract. If you request a student and he or she requests you and your programmatic preferences match, you will automatically be placed together whenever possible.

For those looking to match up with a roommate, we also offer RoomSync, a passcode-protected Facebook app, to provide our students with the unique opportunity to interact with other students and find their own roommate.

Live-In Staff
Gryphons
At Lehigh, Resident Assistants are called “Gryphons,” after the mythical beast that guarded the gold of ancient Scythia. Our students are the “gold” that they guard. In any given day, there are multiple and diverse interactions and experiences that you can choose to be a part of throughout our campus, and living here means you are surrounded by these opportunities on a continual basis. They are upper class students who are there to help you navigate your journey through Lehigh by answering your questions, sharing various resources, enforcing campus policies, and providing programming that helps you build connections with your fellow Mountain Hawks.

Assistant Directors
Assistant Directors (ADs) are professional live-in staff members with a Master's degree in Higher Education or a related field. They supervise the Gryphon staff and

All first-year students are required to live on campus, but you may petition the Office of Residential Services for exemption for the following reasons:

■ You are 22 years of age or older.
■ You reside with a parent or legal guardian within a 30-mile radius of Lehigh University.
■ You are married.
■ One or more dependents live with you.

If you qualify and would like to petition, go to go.lehigh.edu/fysexemption and submit your petition by May 31.

8 ■ CLASS OF 2021 WELCOME KIT
guide the intellectual environment of the residential community. ADs have offices within their communities to help encourage a positive and inclusive environment for students to learn and grow.

**Lehigh Dining Services**
Lehigh Dining Services offers the most extensive dining portfolio in the Lehigh Valley. You can eat at any one of our 3 custom-designed student restaurants or visit any of the 12 retail locations across campus to enjoy a satisfying meal at any time of the day.

**Meal Plans**
First-year students can choose from any of the following meal plans. All meal plans available to first-year students include five guest meal passes per semester.

<table>
<thead>
<tr>
<th>Dining Dollar amounts listed are per semester.</th>

**Dining Dollars**
Dining Dollars work as a separate debit account that you access through your Lehigh ID and can use to buy items or meals at any Lehigh Dining Services location. The amount of Dining Dollars deposited into your account roll over from fall to spring semester. Any unused funds in your account at the end of spring semester are forfeited. You may add Dining Dollars to your account by visiting the University Center, calling (610) 758-6179 or through your Lehigh portal. For more information on your meal plan and how it works, visit www.lehighdining.com.

**Arrival Information**

**FIRST-YEAR STUDENT CHECK-IN:**
Thursday, August 24, from 8:00 a.m. to 11:30 a.m. in Iacocca Hall on the Mountaintop Campus

Please note: In order to pick up your residence hall room key, you will need a government-issued photo ID to confirm identity. Driver’s license, state ID or passport will be accepted.
Fall 2017 PreLUsion Programs

- alLUsions: Literary Lehigh
- Discover Lehigh
- Fabricate: LU
- Food for Thought
- GlobaLehigh
- Launch into Business
- Lehigh Women Engineers (LWE)
- Outdoor Adventure Program (OAP)
- SustainabLEHIGH
- Urban Ops: NYC
- Volunteer Experience (VE)
PreLUsion, a collection of eleven optional pre-orientation programs, is designed to jump-start your college experience! With a variety of programs offered, preLUsion welcomes you to campus before classes begin and allows you to connect to Lehigh by engaging with a smaller community of students and staff who share similar interests.

Participating in preLUsion will help you:
- Make friends before Orientation begins
- Become familiar with campus and the local community
- Explore an area of interest and how to get involved at Lehigh
- Meet upper-class students, staff and faculty members
- Get settled in your residence hall!

PreLUsion begins on Monday, August 21, 2017, three days before the rest of the first-year class arrives. You will move into your fall housing assignment in the morning and your program will begin at lunch.

While each of our programs is different, they do share some common elements. During the day, faculty, staff, and upperclassmen will lead you in a variety of activities based on your program theme. At night, all participants whose program stays at Lehigh attend social events to meet the students in the other preLUsion programs. PreLUsion programs have been intentionally planned by Lehigh staff, faculty and students, so participants will need to make arrangements to attend the entire program. And honestly, you won’t want to miss any of the action!

Each preLUsion program has a limited number of spaces and sign-up is on a first-come, first-served basis. To maximize your experience, each program requires a minimum number of students in order for the program to run. Students who register for a preLUsion program will receive a confirmation packet with specific program details and move-in information. Please don’t make travel arrangements until you receive your confirmation.

Student Opportunity Fund
If you need assistance in covering the cost of your preLUsion program, please consider applying for the Student Opportunity Fund. The application and more information about the Student Opportunity Fund can be found here: studentaffairs.lehigh.edu/content/prelusion. If possible, we encourage students to register first to secure a spot in their preferred program, and we can provide refunds once a scholarship has been awarded.

To learn more about preLUsion, go to the Summer Checklist on the portal. Registration is available via the Campus Portal beginning on Wednesday, May 10, when the evoLuTion:1 tab goes live.

If your plans change over the summer, refund requests must be made in writing to fye@lehigh.edu before June 30. No refund requests will be accepted after June 30, 2017.
ALLUSIONS: LITERARY LEHIGH

College opens a space for creativity and self-exploration. alLUsions introduces you to a community of writers at Lehigh University. This program uses writing as a means to develop new relationships with other incoming students interested in creative writing, literature, and the written world. To this end, alLUsions explores three different literary environments: Bethlehem’s Northside, New York City’s bookish treasures, and Northeastern Pennsylvania’s natural beauties.

alLUsions begins in Bethlehem’s Northside, exploring the haunts of the city’s most famous poet, H.D. We then travel to New York City for a daylong investigation of the city’s unparalleled literary tradition and living culture. You will tour and write in New York landmarks like its art museums, the world-famous Strand Bookstore, and Washington Square Park, an inspirational oasis for Mark Twain, Henry James, and the Beat poets, among many others. alLUsions juxtaposes this urban landscape with a day of relaxed hiking in the countryside, where you will take in Ricketts Glen State Park and its twenty-four named waterfalls.

Throughout this journey, you will write and share your work in order to nurture connections with each other and with Lehigh’s larger literary community. You will become acquainted with the English Department, the Drown Writers’ Series, and the Writing Center, although writers from all academic backgrounds and interests are encouraged to participate. Regardless of intended major, alLUsions is a program that focuses on the many ways that language helps us to connect with the world that surrounds us.

Cost: $330    Capacity: 15

DISCOVER LEHIGH

Set off on a discovery of your new hometown! On this expedition, you’ll discover the history of Bethlehem and how Lehigh came to be—you’ll even visit the hometown and mansion of our founder, Asa Packer! Exploring campus and Bethlehem will help you familiarize yourself with both, and you’ll get to learn about Bethlehem Steel and the impact the company’s rise and fall has had on your new community. Plus, current students will teach you the ins-and-outs of Lehigh and all the little secrets upper-class students wish they knew sooner! Fall in love with your new school while beginning to discover your place in helping with the reinvention of Bethlehem.

Discover Lehigh is a great program for students that want to attend preLUision but do not have a particular area of interest. We will focus on getting you comfortable within the Lehigh community, sharing your new home in Bethlehem with your peers, and self-exploration.

As a part of this three-day discovery, here are some activities that you will experience:
- Tour Asa Packer’s mansion in his hometown of Jim Thorpe, PA
- Explore North and South Bethlehem
- Enjoy different dining experiences in Bethlehem and the surrounding areas
- Connect with peers and upperclass students

Cost: $230  Capacity: 20

"Looking back at my experience, Prelusion was one of the best decisions I have ever made."

FABRICATE: LU

Do you enjoy working with your hands? Or, have you never held a screwdriver before, but want to learn how to get started making things? Come explore many of Lehigh’s fabrication facilities and learn how to leverage these tools to support your educational and personal growth. Be empowered to create something functional from raw materials, and leave with a one-of-a-kind keepsake to mark the start of your Lehigh journey.

Participants will engage with a variety of on-campus resources, ranging from a traditional cabinetry-grade woodshop to CNC machining to various 3D printing technologies (and the staff who run them!). These resources are available to all Lehigh students, yet require training to use. Get a leg up on your fellow classmates by exploring Lehigh’s state-of-the-art facilities.

As part of this intensive, exciting foray into making, students will:
- Explore traditional methods of work, such as bending sheet metal to give it form and cutting wood precisely to shape
- Learn to harness the powers of programming and electronics with an arduino microcontroller
- Get exposed to the exciting emerging technology of 3D printing by designing and printing components of your project
- Explore the local area learning the history of an old manufacturing city and enjoying local food
- Experience the thrill of taking disparate components made with a wide variety of skills, and combining them into a final, functional, personalized work of art

No special skills, abilities or experience is necessary! Join us and we’ll teach you.

Cost: $375  Capacity: 12
**FOOD FOR THOUGHT**

What better way is there to get to know your new community than by learning about the area’s unique cuisine, eating delicious meals, and sharing good conversation with your fellow Lehigh students? Food for Thought will take you on a culinary journey through Lehigh, Bethlehem, and the Lehigh Valley. As we explore these areas, we will consider how thinking about what we eat opens up avenues to nuanced understandings of our identities, cultures, and communities.

We’ll enjoy the restaurants of North and South Bethlehem and receive a behind-the-scenes look at what it takes to feed about 5,000 Lehigh students on campus every day. We will hear from local food activists about the issues facing the Bethlehem community, consider the problem of food deserts, and cook our own meal and bake fresh bread from scratch. And we will explore the Lehigh Valley with a focus on food-visiting local farms, markets and restaurants from Easton to Emmaus.

Whether you call yourself a “foodies,” are passionately interested in sustainable food production, or are simply interested in learning more about the local area through a unique lens, you will begin your time at Lehigh with a greater appreciation for the complex processes and rich meanings behind every meal.

For more information, contact Danielle Stillman at das514@lehigh.edu.

* Food for Thought can easily accommodate any dietary restrictions and allergies. Please contact Danielle with any questions or concerns you may have.

**GLOBALEHIGH**

GlobaLehigh takes you on a virtual three-day trip around the world as you immerse yourself in culture, cuisine and all things global. As you experience your first taste of campus, your activities will extend far and wide.

Here are just a few of the activities awaiting you:

- Take a behind the scenes tour of the United Nations headquarters and meet with a diplomat
- Eat your way around the world
- Network with Lehigh alumni working in international careers
- Explore the many different views of Globalization

This journey will be led by current students highly involved with all things Global at Lehigh. See for yourself why Lehigh University is truly a Global community!

**Cost: $275**  **Capacity: 20**

**Family Orientation for Prelusion participants will be held on Monday, August 21. So... families don’t have to return for Thursday’s program.**
LAUNCH INTO BUSINESS

Begin your career path in business a few days early! Get acquainted with the College of Business and Economics (CBE) and the Rauch Business Center community. Discover the CBE culture, learn about majors, and meet business faculty and staff. You will have the opportunity to interact with alumni and learn from experienced professionals. Build a strong foundation for your business education as you embark on your journey to becoming a successful young professional. This program will include on-site visits to local and metropolitan corporations where students will deepen their understanding of business operations, gain insight into real-world issues the company faces and learn how global forces impact business decisions and action plans.

Highlights:
- Introduction to the CBE and Rauch Business Center resources and facilities
- Develop relationships with future classmates and CBE upperclass students, staff, faculty, and alumni
- Gain a better understanding of the CBE curriculum
- Connect with the Center for Career and Professional Development
- Travel to businesses in New York City and/or Philadelphia
- Participate in roundtable discussions with guest speakers
- Discover clubs and organizations to enhance professional development opportunities
- Improve networking skills and learn how to create a professional network

This program will be led by the CBE Undergraduate Programs Office. For more information, call 610.758.4498, or contact Emily Ford at eaf311@lehigh.edu or Jamie Pugh at jam913@lehigh.edu.

Cost: $320   Capacity: 15

LEHIGH WOMEN ENGINEERS (LWE)

As an incoming woman engineer, you may be wondering about the dynamic, creative, exhilarating and rewarding field that you are about to enter. With many of Lehigh’s top engineering students being women, you are joining an impressive and elite group. To begin college with a leg up, come join us as we learn the ins and outs of Lehigh Engineering!

During your three days with Lehigh Women Engineers, you will engage in guided lab activities that will offer hands on experiences to help get you acclimated to academic study at the college level. You will also be given the opportunity to visit various departments, research centers, and other parts of campus as you are introduced to the multitude of programs, clubs, and resources here at Lehigh, all of which are dedicated to your success in Lehigh Engineering.

But perhaps most importantly, you will create the foundation to build a strong community among women engineers as you embark on this exciting new chapter of your life!

Highlights:
- Participate in hands on activities in the various labs at Lehigh
- Get a head start on making lifetime friends with your classmates
- Meet the Dean and selected faculty members in the RC, Rossin College of Engineering and Applied Science
- Work with current women engineering students who will guide you through your Lehigh experience
- Explore the areas within walking distance of campus

Cost: $225   Capacity: 100
OUTDOOR ADVENTURE PROGRAM (OAP)

Do you enjoy being adventurous, meeting new people and being outdoors? If so, then OAP is for you! This program takes you into the great outdoors where you will spend your time taking day and night hikes, rafting down the Delaware River, playing paintball, riding a zip line, and developing new friendships. Day one, you will arrive on campus and drop off your belongings in your residence hall rooms before heading out. This trip will be completely off-campus. Participants will be staying at the Pocono Environmental Education Center (PEEC) with upperclass student leaders. While at PEEC, students will be housed in guest lodges, cabins, or yurts. This year, you will participate in Paddle, Battle and Adventure.

PADDLE: Rafting
Rafting on the scenic Delaware River, sunbathing, swimming and fun make this trip memorable. RAFTERS MUST BE ABLE TO SWIM.

BATTLE: Paintball
Kittatinny Paintball features exceptional mountaintop playing fields overlooking the beautiful Delaware River. Kittatinny's fields, featuring natural forests with huge boulders and bunkers, are designed to make each game exciting and fun! Paintballs are water-soluble, biodegradable and non-toxic. Everything you need is provided.

ADVENTURE: Zip Line
Take a ride on the dual racing zip line, one of the longest zip lines in the USA—over 3000 feet long. Soar 150 feet in the air overlooking the Delaware River. No special skills or abilities needed to enjoy this ride. If this adventure isn’t for you, don’t worry, there will be plenty of other activities to do.

Cost: $400       Capacity: 100

SUSTAINABLEHIGH

Are you curious about the inner workings of environmental sustainability? If so, join the growing Lehigh community interested in sustainability. As part of the SustainabLEHIGH adventure, you will explore the Lehigh Valley through biking, canoeing, eating organic meals, visiting a farm and camping on our very own island. Not only will you have non-stop fun, but the learning experience and connections provide you with a strong foundation for future leadership in environmental sustainability initiatives at Lehigh.

As part of this exciting three-day adventure, you will:
- Meet like-minded students, campus leaders and sustainability champions
- Camp on your very own island (seriously!)
- Bike and canoe down the Lehigh River
- Visit a local farm that free ranges their animals
- Eat delicious organic meals
- Learn about environmental sustainability-related clubs, classes, initiatives and campaigns

Also, visit our website, where you can find leader biographies, photos, and more program information: sustainability.lehigh.edu/SustainabLEHIGH

Cost: $315       Capacity: 15
URBAN OPS: NYC

Your supplies: A map, a video camera and some cash to spend.

Your mission: To explore and stay overnight in the hottest tourist destination in the United States with a group of your new friends.

Urban Ops gives you the opportunity to begin your Lehigh journey by exploring the university and New York City. Throughout this experience, you will participate in a ropes course, meet and network with Lehigh alumni, and learn concepts of group dynamics that will help you navigate the plethora of involvement opportunities at Lehigh.

Each group will be led by a highly trained squad leader to scout NYC where you will gather information using only the resources provided to you.

For more information contact Matt Kitchie at mak608@lehigh.edu.

Cost: $400 Capacity: 35

VOLUNTEER EXPERIENCE (VE)

Begin your journey at Lehigh through service! As a participant of VE, you will immerse yourself in three days of community service within the Lehigh Valley. During this time you will discover area agencies, take action to help alleviate issues facing their new community and build new but lasting friendships. VE is hosted through Lehigh’s Community Service Office, which offers students a pathway to continue engaging in meaningful service through their four years at Lehigh if they so choose. All VE participants get the opportunity to serve at agencies in South Bethlehem and the surrounding Lehigh Valley.

Some agencies include:
- Volunteers of America
- Jacobsburg Environmental Education Center
- New Bethany Ministries
- Victory House
- Bethlehem Area School District

Trips are led by community-oriented, upper-class students who are committed to providing you with the best first three days on campus you can have. Evenings are spent taking part in activities with your fellow volunteers that help you become acquainted to your new home and new friends.

Also, visit our website, where you can find leader biographies, photos, and more program information: lehigh.edu/service

Cost: $265 Capacity: 25

“PreLUsion allowed me to get settled on campus early, start meeting new people earlier, and add my love of adventure into the mix, in other words, it was the perfect opportunity for me.”
Moving In
First-year students will move in on Thursday, August 24, 2017 between 8:00am–11:30am. First, you will check-in for Orientation at Iacocca Hall on the Mountaintop Campus and receive your Orientation materials, group information, and directions to your residence hall. You must keep all of these materials with you throughout Orientation. Each residence hall will have specific directions to take you down the mountain to unload your belongings. You must check-in for Orientation first in order to receive your residence hall keys. Specific directions to Iacocca Hall are on the OFYE website and will be available in August on the evoLUtion:2 tab. Go light on the packing. It’s easier to add things to your room after you are settled than to have a tower of belongings stacked next to your bed!

Orientation
You will be assigned to a small group led by one of our 75 upper-class Orientation Leaders (OLs). You can meet the OLs on the OFYE website! The OLs represent all that Lehigh has to offer, including a variety of different majors, ethnic and cultural backgrounds, and student involvement opportunities. They will lead discussions on the transition from high school to college, introduce you to all the resources available to you as a Lehigh student, and share their experiences navigating the college environment.

During Orientation, you will:
- Learn about college course requirements
- Explore South Bethlehem during Faux Friday
- Attend a multitude of social events, like the Lehigh After Dark Kick-Off
- Learn about campus resources and attend a Lehigh Symposium
- Discuss Lehigh and community expectations

While the schedule is packed, there will be times that you will be able to make decisions as to what is important for you to learn. You only get one college Orientation, so come with a positive attitude and be ready to learn about your new home.

International Students*
You are required to attend the International Student Orientation which begins on Thursday, August 17, 2017. This orientation program is designed to help you:
- Learn about your immigration responsibilities
- Learn campus resources and services specific to international students
- Get tips from current international and domestic students to build a support network on campus

More information on the date and time of this orientation program is available on the Office of International Students and Scholars (OISS) website at global.lehigh.edu/oiss.

* U.S. Citizens Living Abroad are encouraged to attend. Email intnl@lehigh.edu for information.
Faux Friday
Faux Friday is an Orientation tradition that allows students to eat off-campus at one of the many tasty South Bethlehem restaurants on Friday, August 25th. The program and the name were inspired by South Bethlehem’s very own First Friday event where restaurants and shops open their doors to celebrate the community on the first Friday of every month. Since our program occurs on the last Friday, we call it “Faux” Friday!

When you register for Orientation (due by June 30th), you will be asked if you would like to eat off-campus or on-campus during Faux Friday. If you select that you would like to eat off-campus, you will receive a follow up email where you will select your restaurant. Cuisine options range from Italian to Mexican, Irish, Malaysian, and more!

There is no additional cost to you to eat off- or on-campus for this event, so we encourage you to try something new!

Orientation Schedule*
A detailed hard copy of the schedule will be provided upon arrival. Once you receive your Orientation Group information, you will be able to find your customized Orientation Schedule using the smartphone app, Guidebook.

Parent and Family Orientation

Like you, we know that your family is going through a big adjustment. To help answer your family’s questions and provide them some additional resources we offer a one day Family Orientation. This program is not required of families, although we strongly encourage families to attend. Even if your family has already attended orientation at a different institution, it’s a great way to learn more about Lehigh and the resources we offer you. It is held on either:

- **Monday, August 21**—Ideal for families of students participating in the Marching Band, a preLUsion program, or a fall varsity sport.
- **Thursday, August 24**—This program is open to all families.

The program is the same on Monday and Thursday, so there is no need to come back later in the week!

*This schedule is subject to change. An updated schedule will be provided at Orientation.

Families will meet various Lehigh administrators and staff as well as learn about the resources we offer to you as the student. The schedule also includes two rounds of breakout sessions, designed like a conference, so your family can choose the information that is most relevant to them. Some of the breakout session topics include:

- Campus Resources
- Academic Support
- Gender Violence Prevention and Support
- Campus Safety
- Involvement on Campus
- Supporting your First Generation College Student
- Learning Differences
- Counseling and Psychological Services

After 5:30pm you can tell your parents and family they are welcome to leave campus and head for home! Your schedule is so packed during Orientation that you won’t have any time to hang out with them.

You can invite your family back for Family Weekend, Friday, November 10 to Sunday, November 12, 2017. More information regarding this program will be sent shortly!
Being a Lehigh student means you are involved, engaged, and active in your learning experiences. To help engage you with the Lehigh and South Bethlehem communities and prepare you with the skills you need for future experiences, we created the evoLUtion Seminar.

During the Seminar you will complete:
- The Lehigh Ropes Course
- Individual meetings with your facilitators
- Group discussions about the transition and the campus community

How to Register
A link will be emailed to you the first week of classes to register for a seminar time. (Remember when we said you need to check your Lehigh email every day? Trust us, you don’t want to miss this email!) You will select a time for a ropes course and group meeting that works with your academic course schedule. We will confirm your time and send your section information within a week of the close of registration.

It’s Ropes Course Time!
So, what is a ropes course?
It is a series of outdoor elements made up of trees, wires, poles, and other equipment designed to create unique and challenging problem solving scenarios. You will work with your group to create goals and negotiate the elements to successfully meet the challenges presented. You will complete the ropes course with your seminar group. This is a rain or shine event, so pack accordingly when you are preparing to come to Lehigh. It's a challenge by choice course, so if you are uncomfortable or unable to participate in any particular element, that is okay! You can still support your group during that element.

As part of the seminar, all first-year students will participate in the Lehigh University Ropes Course the weekend of September 6–10, 2017, so be sure not to make plans to leave campus that weekend, until you know your seminar & ropes course time.

Channeling Your Curiosity and Future Goals
Learning more about yourself and how you learn best will require some thoughtful reflection. During your evoLUtion experience, you will be asked to spend a few moments reflecting on your past, current experiences, and future goals. We encourage you to “write to think” and will provide numerous opportunities for you to enjoy a quiet moment and jot down some of your thoughts about your college experience.
The 5x10
To help begin your journey of curiosity and exploration, we created the 5x10 programming series. We expect all first-year students to attend five programs, one for each of the Five Foundations for Student Success (refer to page one if you don’t remember them) in the first ten weeks of the semester. You will have a chance to complete two events during Orientation!

While the evoLUtion Seminar is not a credit bearing experience, it is required of all students. Your active participation in the experience will not only help your transition to Lehigh, but can allow you to make strong connections with faculty and staff on campus.

If you choose not to participate fully in the experience, your name may be submitted to the Office of Student Conduct and Community Expectations or your course registration for the following semester might be delayed.

Last year students attended events such as:
- What I Wish I Knew My First Year
- Campus Resource Tracks
- Controlling Your College Costs
- Preparing for Professional Success
- Undergraduates Do Research!
- Nachos and Networking

evoLUtion Seminar
Quick Facts
- Check your Lehigh email for registration information the first week of classes
- Seminar begins with the Ropes Course September 6–10, 2017
- Staff or faculty and a student leader facilitate each seminar group
- You will meet individually with your faculty or staff facilitator and a peer leader during the fall semester
September 15–17, 2017

Whether you went to camp every summer of your childhood or have never been to summer camp before in your life, Camp Hawk is for you! Camp Hawk is Lehigh's version of camp for first year students AFTER school has already started. It’s the perfect opportunity for you to continue making new connections while you indulge your inner camper with classic camp games—like Gaga and the famous IronHawk Competition—and s’mores!

This two-night retreat experience takes place in the Pocono Mountains and is part of a larger off-campus experience called the Great Pocono Escape, which includes student leaders from various campus organizations. Focus will be put on defining your identity at Lehigh, creating a network of students, and sparking curiosity to fully explore Lehigh during your four years here. In addition to your fellow Camp Hawkers, you will have the chance to meet and interact with many upper-class student leaders. In total, about 150 students will depart Lehigh for the mountains to build connections and enhance their leadership skills.

When are we leaving and who’s going?
We leave campus for Camp Canadensis on Friday after classes end and return to Lehigh on Sunday around lunchtime. Students stay in cabins (and yes, there is hot water!) with other Camp Hawk participants and the Camp Hawk Counselors (CHCs). The CHCs consist of 15 upper-class leaders who will guide you through the weekend games and activities. We will bring the snacks if you bring your moves to the late night dance party.

So how do I sign up?
Registration for Camp Hawk will go live the first day of class Monday, August 28. Registration is FREE* and operates on a first-come, first-served basis. Please email fye@lehigh.edu for more information or check out the OFYE website at studentaffairs.lehigh.edu/ofye.

* There is a $25 refundable deposit to reserve your spot at Camp Hawk, which will be returned upon completion of the experience.

"The people that went to Camp Hawk with me became my second family."

"Camp Hawk was a great way to meet many people and was a great way to start my first year at Lehigh."
COURSE REGISTRATION

Scheduling your classes is one of the most exciting aspects of being a college student! You will be able to register for class online beginning in mid-July.

To prepare for the process, check out the university catalog (catalog.lehigh.edu) as well as your college channel on the portal for information and helpful links!

Throughout the month of June important updates and information regarding the registration process will be posted on your student portal and will also be sent to your Lehigh University email address. It is very important that you monitor your email regularly, as we continuously send additional information to prepare you for registration. Keep an eye out for emails about when and how to register, videos reviewing how to utilize the registration system, and advice from your college advisors.

Resources you need to complete registration are:
- Internet access
- Course information provided by your college
- The Course Catalog: catalog.lehigh.edu
- College information posted on the evoLUtion:1 tab
- College contacts located on the back pocket of this booklet
- Registration instructions (will be sent to your Lehigh email!)

AP Scores
Don’t forget to send your AP scores! Your scores are needed in advance to help you register for the appropriate level of a course once registration is available. Low AP scores will not have a negative impact on your student record in any way, so please don’t hesitate to send everything! This is the best way to ensure that you receive all of the credit you deserve. You will be able to see which scores you requested to be sent to us by logging into your College Board account (collegeboard.org), and which scores we received by viewing your academic transcript through Banner. Scores are not released prior to July 1, and we anticipate having credit on student records within a week. More information on your AP scores will be provided as we get closer to starting the registration process.

Schedule Changes
Still feeling nervous even after you’ve registered? Don’t worry! You will have the opportunity to meet with an advisor on Friday, August 25 at Orientation for any last minute questions and course changes.
