

Residential Studying & Tutoring Program 2012-2013

5 first-year
residence halls

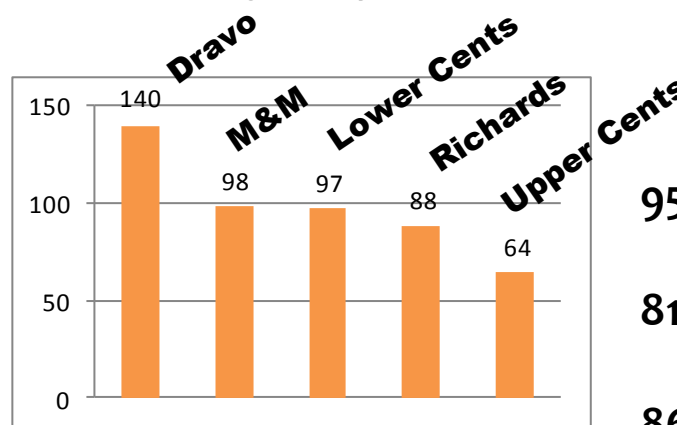

1,259 VISITS
393 STUDENTS
► **32% of the**
incoming class!

"It gave an opportunity for students to meet people in similar classes, share concerns, and help each other study."

23 TUTORS

"It provided an excellent place to go with questions about course material. It did not matter if they were basic or advanced, general or specific. The tutors did a wonderful job answering these questions to the best of their ability."

students using RST by residence hall

Courses with the most # of visits

Math 21 — **508**

Chm 30 — **306**

7 calculus classes
3 economics classes
1 chemistry course
1 physics course

"It turned a normally very rowdy lounge into a study area as people who were "working" actually quieted down to do work when the study group was in session."

Fall 2012 Assessment

326 students attended RST

- 95% agreed they used RST because of the convenience
- 81% agreed that tutors encouraged students to solve problems on their own
- 86% feel their ability to reason and problem solve improved as a result of RST

Spring 2013 Assessment

108 students attended RST

- 93% feel their understanding of course material improved as a result of RST
- 87% feel their performance in the course improved as a result of RST
