University Governance

Board of Trustees

The Board of Trustees is the governing body of the University. The Board has the full power and legal authority to do all things deemed necessary and expedient in the governance, management, and control of the business and affairs of the University. Some of the Board's responsibilities include determining and defining the mission and goals of the University; establishing, reviewing and approving major changes in the University's educational programming; and approving and authorizing all earned degrees upon recommendation of the President and the faculty. The Board delegates certain responsibilities to the President and various administrative officers of the University.

University Faculty

The University faculty is the legislative body in matters pertaining to the admission, registration, instruction, and discipline of students and in matters related to academic procedures and educational policies. All legislation of the faculty is subject to the approval of the board of trustees. Abstracts of the minutes of the faculty are sent to the board of trustees. The faculty may delegate any of its responsibilities to an officer of the University, to a committee, or to any other group. The University faculty, acting with the approval of the board of trustees, grants all degrees conferred by the University.

The Student Senate

Established in the spring of 1988, the Student Senate provides an opportunity for students to discuss and express their views on student issues and to make recommendations or pass resolutions on these matters. The Senate has responsibility for the allocation of funds to student organizations as well as the recognition of student organizations. Forty-five senators are elected based upon living group by the undergraduate student body. Elections are held in the late spring for upperclassmen and in September for freshmen. Responsibilities, such as selecting student representatives to the Board of Trustees and to certain faculty committees are the province of Student Senate or the Graduate Student Senate.

Graduate Student Senate

The Graduate Student Senate (GSS) serves as the representing body of the graduate student community in all matters pertinent to the graduate programs and graduate student life. Their mission is to act as a liaison between graduate students and administrative bodies, as well as encourage social interaction and communication among graduate students. The council is run entirely by students. The graduate student office is located in the Christmas-Saucon. Meetings are held in the Catacombs, in the basement of the Packer Church.

Faculty Committees

The University has faculty committees that are standing committees of the faculty. Unless instructed otherwise, applications for student membership on most committees should be referred to the chairperson of the committee. Description of the committees can be found in the Rules and Procedures of the Faculty on the Provost's Office website: <https://facultysenate.lehigh.edu/rp>

Code of Conduct

Philosophy

Intellectual honesty and mutual respect are not accidental values in a university. They are, for students and professors alike, a presupposition of the pursuit of truth, which brings universities into existence in the first place. It is essential that an academic community uphold these values through rules designed to protect the freedom to teach and learn. The Student Conduct System is one mechanism by which the University endeavors to develop in all students a sense of responsibility to the Lehigh University community. When students fail to act in accord with the rules and regulations of the community, the University must hold them accountable for their actions. The purpose of the Student Conduct System is not solely to punish students for transgressions, but to help them understand and accept their obligations as citizens of this academic community. This University Code of Conduct (the “Code”) has been developed to promote student growth, to provide accused students with fundamental fairness and educate the University community about the meaning of that phrase, to protect the rights of individuals, and to uphold the educational mission of the University.

II. AUTHORITY AND JURISDICTION AND GENERAL PROVISIONS

- A. The authority for administering student discipline in accordance with the Student Conduct System is vested by the University Charter in the faculty. The Student Conduct System described in this Code of Conduct has jurisdiction over all Lehigh University students and all student groups and organizations approved by or associated with the University. For the purposes of this Code, a person shall be considered a student when they have been accepted and paid a deposit and they remain a student as long as they have a continuing relationship with the University.
- B. Jurisdiction of the Lehigh University Code of Conduct shall not be limited to conduct that occurs on Lehigh University premises. It will be applicable to any conduct which affects the Lehigh University community as a whole, its individual members, or the pursuit of its objectives.
- C. The Conduct Officer shall develop policies for the administration of this system and procedural rules for the conduct of hearings and adjudications which are consistent with provisions of the Code of Conduct.
- D. Decisions made by a hearing body, the Conduct Officer, a Case Officer, an Adjudicator, or an Adjudication Panel shall be final, pending the normal appeals process defined below.
- E. All individual students who are accused of violating the Code of Conduct fall under the authority of the Student Conduct System, even when those students act as part of a group that is reviewed separately as a corporate entity.
- F. Campus groups and organizations that violate the Code of Conduct fall under the authority of the Student Conduct System, although the rights and the processes they are provided may differ from those afforded to individuals.
- G. Any group or organization may be held accountable for the actions of any of its members if the violation of the Code of Conduct is in any way related to the group or organization. Group misconduct need not be officially approved by the entire membership in order to be considered grounds for possible disciplinary action against the group. There is no minimum number of group members who must be involved in an incident before disciplinary action may be taken against the entire group. In some instances, the conduct of a single member may provide sufficient grounds for action against the entire group. An appropriate but not exhaustive test to determine whether a group may be held accountable for the conduct of individuals is to ask whether it is likely that the individuals would have been involved in the incident if they were not members of the group or, if, by group action, the incident was encouraged, fostered, or might have been prevented.
- H. All students are expected to read and understand this Code; unfamiliarity with the Code is not grounds for failing to live up to the expectations set forth below.
- I. Because the University has an interest in inappropriate behavior separate from that of the civil authorities, it has the right and responsibility to exercise its jurisdiction and take such action as is appropriate to protect this interest. The University reserves the right to enforce this Code whether or not civil authorities have acted. In those instances where civil authorities have acted, the University may also exercise its jurisdiction. When the University has jurisdiction in a matter subject to this Code, it also has the right to report the matter, whenever appropriate, to civil authorities. In determining whether reporting the matter to civil authorities is appropriate, the University shall consider requests for confidentiality and the circumstances of the case, as explained in more detail in Article V, Section III, Part G.
- J. Lehigh University Students are responsible for the actions of their invited guests. Violation of any University Policy by a guest of Lehigh University Student may subject that student to disciplinary action via the Code of Conduct.

- D. Forgery, unauthorized alteration or unauthorized use of any University document, record (including computer records), or instrument of identification.
- E. Failure to comply with the reasonable requests of University officials (including law enforcement) while acting in the performance of their duties.

Proscribed Conduct:

- A. The unauthorized or illegal consumption, distribution, or possession of alcohol.
- B. The consumption or distribution of alcohol in a manner detrimental to one's health and safety (or the health and safety of others).

- C. The unauthorized or illegal use, distribution, or possession of any controlled substance or illegal drug.
- D. The possession of drug paraphernalia.
- E. The possession of alcohol paraphernalia that encourages or promotes excess consumption of alcohol (for example, kegs, beer bong, Beirut tables, etc.).
- F. Other conduct which threatens or endangers the health or safety of the individual.

VI. RESPECT FOR THE LAW

Lehigh University expects that its student members will act in accordance with all applicable federal, state, or local laws.

IV. EMERGENCY SITUATIONS

I. EMERGENCY AUTHORITY OF THE DEAN OF STUDENTS

Because situations may arise that may not be fully covered by this Code, the Dean of Students is granted the authority to exercise the Dean's good judgment in emergency situations. Any emergency powers of the Dean of Students may be exercised by an Associate or Assistant Dean of Students at the direction of the Dean of Students.

II. TEMPORARY RULES AND REGULATIONS

The Dean of Students shall have authority in emergency situations to issue temporary rules and regulations to uphold the behavioral expectations of Lehigh University.

III. INTERIM SUSPENSION/EMERGENCY REMOVAL

The Dean of Students shall have the authority in emergency situations to suspend a student's (or student organization's) rights to be present on campus, or on other property owned, operated, or controlled by the University prior to a formal hearing/adjudication. This authority may be invoked if the Dean of Students has a reasonable belief that a serious offense may have occurred, and/or that the continued presence of the student on campus may be dangerous to property, to the student involved, or to others. Subject to the emergency nature of the situation and the information available, the Dean of Students shall permit a student to challenge the evidence presented. The resolution of the underlying matter shall occur at the earliest feasible time in accordance with the procedures and processes established in this Code.

IV. INTERIM REMOVAL FROM HOUSING

In instances where there is a reasonable belief that a serious offense has occurred, the Dean of Students or the Dean's designee (and/or the Title IX Coordinator or the Title IX Coordinator's designee in cases involving discrimination, harassment, sexual harassment, other prohibited sexual behavior, and retaliation) may require the immediate removal of the individual or individuals involved from University housing until the resolution of the underlying matters.

V. NO CONTACT ORDER

When conduct prohibited by the University's Policy on Harassment and Non-Discrimination have been alleged, or when otherwise deemed appropriate under the circumstances, the Dean of Students, the Dean's designee, the Title IX Coordinator, and/or the Title IX Coordinator's designee may issue No Contact Orders to the students involved, whether or not disciplinary action is taken. No Contact Orders may also be issued as an interim and/or supportive measure while alleged violations of the Code of Conduct are investigated and adjudicated. A No Contact Order is used to restrict encounters and communications between individuals. While a No Contact Order in and of itself does not constitute

discipline and will not appear on a student's disciplinary record, refusal to adhere to the order after written or verbal notification of its terms is prohibited and may result in disciplinary action, including disciplinary suspension or expulsion.

V. HARASSMENT, DISCRIMINATION, RETALIATION, AND SEXUAL MISCONDUCT VIOLATIONS

I. APPLICATION OF ARTICLE V

All conduct matters involving allegations of harassment, discrimination, sexual harassment, retaliation, and other conduct prohibited by the University's Policy on Harassment and Non-Discrimination by a student will be governed by, and resolved in accordance with, the processes and procedures contained in the Lehigh University Policy on Harassment and Non-Discrimination.

II. OVERVIEW

Lehigh University upholds the Principles of Our Equitable Community and adheres to all federal, state, and local civil rights laws prohibiting discrimination and harassment in employment and education. The University does not discriminate in its admissions practices, employment practices, or educational programs or activities on the basis of age, color, disability, ethnicity, familial status, gender expression, gender identity, genetic information, marital status, national origin (including shared ancestry), pregnancy or related conditions, race, religion, sex, sexual orientation, and veteran or military status, except as may be permitted by law.

The University also prohibits retaliation against any person opposing discrimination or harassment or participating in any internal or external investigation or complaint process related to allegations of discrimination or harassment.

The University will promptly investigate complaints or incidents of such harassment or discrimination and will take prompt and appropriate measures, including disciplinary action, against individuals found to have engaged in harassment or discrimination. Lehigh University will take action reasonably designed to end a hostile environment if one has been created, prevent its recurrence, and, when appropriate, take steps to remedy its effects.

 Responsibilities and Fundamental Fairness

VI. RESPONSIBILITIES AND FUNDAMENTAL FAIRNESS

I. RESPONSIBILITIES OF INDIVIDUAL STUDENTS

As stated in Article II. Section I.H, students are responsible for knowing and adhering to the expectations outlined in the Code of Conduct.

- A. Students are responsible for fully cooperating with the University in investigations of violations of the Code of Conduct and for providing complete, accurate, and truthful information and any potentially relevant documentation in any format.
- B. Students are responsible for appearing before a Hearing Panel when called to do so and providing truthful and complete information to Hearing Panels and/or the Conduct Officer when asked. Students, who have been accused of violating the Code of Conduct, have the right not to answer questions.

II. FUNDAMENTAL FAIRNESS FOR INDIVIDUAL STUDENTS

The University has an interest in providing fundamental fairness in all conduct matters. The University will strive to provide the following to students in relation to conduct violations.

Presumption of non-responsibility. The hearing body shall consider all respondents not responsible until such time as sufficient evidence is present to the contrary. No respondent shall be found responsible for an allegation unless a “preponderance of evidence” presented at the time of the hearing indicates that the student is responsible for the alleged violation of this Code. This means that the Hearing Officer or Hearing Panel must believe that it is more likely than not, based on the information presented at the hearing, that the student is responsible.

- A. **Written notification of allegations and hearings.** Respondents are entitled to written notification of any allegations brought against them and an outline of the disciplinary procedures. If additional allegations are brought, a further written notice must be sent. These notices may be sent via a secure electronic system, to a Lehigh University email address, via campus mail, U.S. mail (to the last known address maintained by the University) or personally delivered to the respondent. Any of these methods of notification shall be considered sufficient. When and if a hearing is scheduled, the Conduct Officer shall notify the respondent at least seven days before the hearing of the time, date, and location of the hearing. To the extent permitted by federal and state privacy laws, complainants will receive, at the same time as it is provided to the respondent, notification of the allegations and any additional allegations, an outline of the disciplinary procedures, and notice of the time, date, and location of the hearing.

- B. **Review of available information.** Respondents and, to the extent permitted by federal and state privacy laws, complainants are entitled to review the available information, documents, and a list of witnesses who have been called by the Conduct Officer to present information. Students must provide the Conduct Officer a list of witnesses they intend to present, along with information supporting the relevance of the witnesses. This list must be presented at least three days prior to the hearing. If the student fails to provide proper notification that they are bringing witnesses, the admission of witnesses' testimony will be at the discretion of the Hearing Panel and no appeal shall be granted for denying their admission.
- C. **Advisory assistance.** Respondents and complainants are entitled to advisory assistance by any member of the University community (current students, faculty, and staff, provided he/she is not an attorney). The advisor's role is to assist, support, and advise students at any stage of the conduct process; the advisor shall not be permitted to actively participate in the hearing, other than to quietly advise the complainant or the respondent. The complainant and respondent are responsible for presenting their own information and therefore an advisor may not ask or answer questions for students or make summation statements on their behalf. Generally, legal counsel shall not be permitted to attend the hearing to represent the student. However, in cases where there are pending criminal charges against the respondent or the complainant, the respondent and the complainant may have legal counsel present as an advisor. If present, legal counsel may not participate in the hearing in any way except in advising the respondent or complainant. In cases in which a student utilizes legal counsel as their advisor, the Conduct Officer may request that University counsel be present in a non-participatory role.
- D. **A pre-hearing interview.** For all hearings above the level of a disciplinary conference, the respondent shall have the right to a pre-hearing interview in which the Conduct Officer will explain the concepts of fundamental fairness and the conduct processes. Failure to schedule or attend the pre-hearing interview is not grounds for a rescheduling of a hearing or for an appeal. For disciplinary conferences, an outline of the conduct process shall be considered sufficient to meet this requirement, and shall be supplied by the Conduct Officer.
- E. **Right to be heard.** Respondents shall have the right to hear all testimony, present relevant information on their own behalf, ask questions of witnesses, and ask questions of anyone present at the hearing. If individuals cannot be questioned at the hearing (by reason of health, absence from campus, etc.) the hearing panel has a special obligation to determine the credibility of any information that those individuals have provided. Respondents are also permitted to have persons submit written character statements directly to the Conduct Officer for review by the panel or hearing officer. Students may not bring character witnesses to a hearing or disciplinary conference.
- F. **Challenge of hearing body members.** Respondents shall have the right to challenge the presence of hearing body members for reasons such as a personal bias towards a participant or a preformed judgment in the particular case. In the case of hearings before the University Committee on Discipline or its subsidiary boards, the removal of a hearing body member will be by majority vote of the remaining members. In cases involving disciplinary conferences, the decision shall be at the discretion of the Hearing Officer.
- G. **Refuse to answer any question or make a statement.** Respondents are not required to make statements or answer questions. In this situation, the hearing body shall make its decision solely on the basis of evidence presented to it. It should be noted that witnesses do not have the right to refuse to answer questions.
- H. **Withholding of past record.** In hearings before the University Committee on Discipline, the past disciplinary records of respondents will not be disclosed until after a decision of responsibility is reached, except if introduced by the respondent or in cases in which the

respondent is charged with failure to complete sanctions imposed by Lehigh University. If a student is found responsible for the allegation(s), information concerning the respondent's past disciplinary record will be presented to the hearing body by the Conduct Officer in the presence of the respondent, for consideration in determining appropriate sanctions. In cases in which the student chooses to self-disclose a past conduct record, this information will be admissible and considered relevant.

- I. **Notification of Outcomes.** Respondents and, in certain cases, complainants have the right to be informed of the outcome of a case.
 1. **Oral notification.** When possible, the Hearing Officer shall notify the respondent of the finding immediately following the conclusion of the hearing, including any sanctions imposed. In the event that the hearing body deems it necessary to continue its discussion of findings and/or possible sanctions or to consult with the Conduct Officer, notification shall take place within three business days of the hearing. In either case, the Conduct Officer shall inform students found responsible of their rights of appeal.
 2. **Written notification.** The Conduct Officer shall forward the written decision of the hearing body to the respondent within a reasonable time, no longer than 10 days. The written decision shall include: (i) a statement of the allegations; (ii) a summary of the information presented at the hearing; (iii) the findings of the hearing body and key facts used in making those findings; (iv) the sanctions and the rationale for them; and (v) a statement regarding the right to request an appeal and the procedures for making such an appeal.
 3. **To the extent permitted by federal and state privacy laws.** Complainants will receive oral notification of the finding and associated sanctions, if any, immediately after the hearing, when possible, and will receive written notification of the hearing body's decision at the same time as the respondent.
- J. **Right of appeal.** As outlined in the Code of Conduct, students found responsible for a violation by any Hearing Panel shall have the right to an appeal before the Disciplinary Appeals Committee. Decisions of the Disciplinary Appeals Committee are final. Students who have been suspended or expelled are required to leave campus and cease participation in campus activities immediately while an appeal is pending. If an appeal is granted and changes are made to the outcome of the case, it is the responsibility of the student to complete missed work.
- K. **Admission of relevant evidence.** Evidence is admissible when, in the opinion of the majority of the hearing body, it is shown to be relevant to the factual issues of the case. The hearing body shall determine the relevance and admissibility of all testimony, whether proposed or actual. Evidence obtained by a search of a student's person or property shall be admissible if that search was conducted by University officials while acting in accordance with their duties.
- L. **Closed Hearings.** All administrative meetings, disciplinary conferences, disciplinary hearings, and appeals committee meetings shall be closed to the public.

III. RESPONSIBILITIES OF STUDENT ORGANIZATIONS

Organizations are responsible for educating their members on the Lehigh University Code of Conduct as it relates to student organizations.

- A. Organizations are responsible for fully cooperating with University officials in investigations of violations of the Code of Conduct. Organizations are responsible for ensuring that their members provide complete, accurate, and truthful information and any potentially relevant documentation in any format.
- B. Organizations are responsible for having a representative appear before a Hearing Panel when called.

- C. Organizations are responsible for ensuring that their members provide truthful and complete information when providing information to a Hearing Panel or the Conduct Officer. Students representing organizations are required to answer questions asked by the Hearing Panel.

IV. FUNDAMENTAL FAIRNESS FOR STUDENT ORGANIZATIONS

The University has an interest in providing a fundamentally fair system to adjudicate student organizational conduct. With this in mind the University will strive to provide the following to student organizations in relation to conduct cases.

Presumption of non-responsibility. The hearing body shall consider all respondent organizations not responsible until such time as sufficient evidence is present to the contrary. No respondent organization shall be found responsible for an allegation unless a “preponderance of evidence” presented at the time of the hearing indicates its responsibility. This means that Hearing Panels must believe that it is more likely than not, based on the information presented at the hearing, that the organization is responsible.

- A. **Written notification of allegations and hearings.** Respondent organizations are entitled to written notification of any allegations brought against them and an outline of the disciplinary procedures. If additional allegations are brought, a further written notice must be sent to the respondent organization. These notices may be sent via a secure electronic system, to a Lehigh University email address, via campus mail, or personally delivered to any representative of the organization. Any of these methods of notification shall be considered sufficient. When and if a hearing is scheduled, the Conduct Officer shall notify the respondent organization at least five days before the hearing of the time, date, and location of the hearing.
- B. **Review of available information.** Respondent organizations are entitled to review the available information, documents, and a list of witnesses who have been called by the Conduct Officer to present information. The respondent organizations must provide the Conduct Officer a list of witnesses they intend to present, along with information supporting the relevance of the witnesses. This list must be presented at least three days prior to the hearing. If the organization fails to provide proper notification that it is bringing witnesses, the admission of that testimony will be at the discretion of the Hearing Panel and no appeal shall be granted for denying their admission.
- C. **Advisory assistance.** Respondent organizations are entitled to advisory assistance by any member of the University community (current students, faculty, and staff or an alumnus/ alumnae of the organization, provided that he/she is not an attorney). The advisor’s role is to assist, support, and advise the organization at any stage of the conduct process. The advisor may not, however, ask or answer questions for the organization or make summation statements on its behalf. This person is an observer and will not be a participant in the hearing. Legal counsel shall not be permitted to attend the hearing to represent the student organization.
- D. **A pre-hearing interview.** For all hearings above the level of a disciplinary conference, the organization shall have the right to a pre-hearing interview in which the Conduct Officer will explain the concepts of fundamental fairness and the conduct processes. Failure to schedule or attend the pre-hearing interview is not grounds for a rescheduling of a hearing or for an appeal. For disciplinary conferences, an outline of the conduct process shall be considered sufficient to meet this requirement, and shall be supplied by the Conduct Officer.
- E. **Representation by a member.** Respondent organizations shall have the right to choose one student member to represent it before a Hearing Panel, if the organization chooses to appear at a hearing. Students who have had formal legal training are not permitted to represent organizations. The respondent organization is also permitted to have 3 additional student members present to witness the proceedings. These members may not be called as witnesses,

may not participate in the hearing in any way, and may be removed by the Hearing Officer or the Hearing Panel if they are disruptive or prove distracting or intimidating to any participant.

- F. **Right to be heard.** Respondent organizations shall have the right to hear all testimony, present relevant information on their own behalf, ask questions of witnesses, and ask questions of anyone present at the hearing. If individuals cannot be questioned at the hearing (by reason of health, absence from campus, etc.) the Hearing Panel has a special obligation to determine the credibility of any information that those individuals have provided. The organization is also allowed to have persons submit character statements directly to the Conduct Officer for review by the Hearing Panel or Hearing Officer. Organizations may not bring character witnesses to a hearing or disciplinary conference.
- G. **Challenge of hearing body members.** Respondent organizations shall have the right to challenge the presence of hearing body members for reasons such as a personal bias towards a participant or a preformed judgment in the particular case. In the case of hearings before the University Committee on Discipline or its subsidiary boards, the removal of a hearing body member will be by majority vote of the remaining members. In cases involving disciplinary conferences, the decision shall be at the discretion of the Hearing Officer.
- H. **Withholding of past record.** In hearings before the University Committee on Discipline, the past disciplinary records of respondent organizations will not be disclosed until after a decision of responsibility is reached, except if introduced by the organization or in cases in which the respondent organization is charged with failure to complete sanctions imposed by Lehigh University. If the student organization is found responsible for the allegation(s), information concerning its past disciplinary record will be presented to the hearing body by the Conduct Officer in the presence of the respondent organization's representative, for consideration in determining appropriate sanctions. In cases in which the student organization chooses to self-disclose a past conduct record, this information will be admissible and considered relevant.
- I. **Notification of Outcomes.** Respondent organizations have the right to be informed of the outcome of a case.
1. **Oral notification.** When possible, the Hearing Officer shall notify the student organization of the finding, including any sanctions imposed, immediately following the conclusion of the hearing. In the event that the Hearing Panel deems it necessary to continue its discussion of findings and/or possible sanctions or to consult with the Conduct Officer, notification shall take place within three business days of the hearing. In either case, the Conduct Officer shall inform student organization found responsible of its rights of appeal.
 2. **Written notification.** The Conduct Officer shall forward the written decision of the hearing body to respondent organizations within a reasonable time no later than 10 days after the hearing. The written decision shall include: (i) a statement of the allegations; (ii) a summary of the information presented at the hearing; (iii) the findings of the hearing body and key facts used in making those findings; (iv) the sanctions and the rationale for them; and (v) a statement regarding the right to request an appeal and the procedures for making such an appeal.
 3. In cases involving organizations that are heard by subsidiary hearing panels, the respondent organization has the right to be notified of the recommendations at the hearing and a right to be notified of the final decision of the Conduct Officer within a reasonable time, no later than 10 days after the hearing.

- J. **Right of appeal.** As outlined in this Code of Conduct, student organizations found responsible for a violation by any Hearing Panel shall have the right to an appeal before the Disciplinary Appeals Committee. Decisions of that committee are final. Student Organizations that are facing dissolution or termination may not function as an organization (this includes but is not limited to hosting events, sponsoring programs, or participating in intramurals) during the appeals process.
- K. **Admission of relevant evidence.** Evidence is admissible when, in the opinion of the majority of the hearing body, it is shown to be relevant to the factual issues of the case. The hearing body shall determine the relevance and admissibility of all testimony, whether proposed or factual. Evidence obtained by a search of a student's person or property shall be admissible if that search was conducted by University officials while acting in accordance with their duties.
- L. **Closed Hearings.** All administrative meetings, disciplinary conferences, disciplinary hearings, and appeals committee meetings shall be closed to the public.
- M. **Organizational Accountability.** Any group or organization may be held accountable for the actions of any of its members if the violation of this Code of Conduct is in any way related to the group or organization. Group misconduct need not be officially approved by the entire membership in order to be considered grounds for possible disciplinary action against the group. There is no minimum number of group members who must be involved in an incident before disciplinary action may be taken against the entire group. In some instances, the conduct of a single member may provide sufficient grounds for action against the entire group. An appropriate but not exhaustive test to determine whether a group may be held accountable for the conduct of individuals is to ask whether it is likely that the individuals would have been involved in the incident if they were not members of the group or, if, by group action, the incident was encouraged, fostered, or might have been prevented.

VII. SANCTIONS

I. PRIMARY SANCTIONS FOR INDIVIDUALS

Individuals found responsible for a violation of this Code of Conduct will receive a sanction of disciplinary warning, disciplinary probation, disciplinary deferred suspension, disciplinary suspension, or expulsion. In certain specific cases the sanctions of disciplinary revocation of a degree or disciplinary withholding of a degree may be imposed. They may also receive additional sanctions as outlined below.

Disciplinary Warning. A disciplinary warning is a written statement of a student's responsibility for a violation of this Code of Conduct with the caution that any future violation may result in more serious sanctions. Other sanctions may be imposed along with the warning.

- A. **Disciplinary Probation.** Disciplinary probation is the imposition of a trial period in which students must show that they are willing to live up to the expectations in this Code of Conduct. This trial period may not exceed four semesters. This status implies that further violations of this Code may result in disciplinary suspension or expulsion. Other sanctions may be imposed, and additional requirements may be imposed as conditions for reinstatement in good standing.
- B. **Disciplinary Deferred Suspension.** The sanction of disciplinary suspension may be placed in deferred status for a limited period of time. During this period of time, the student is on notice that any further violations of the Code of Conduct will result in the suspension that was originally defined becoming effective immediately without further review. Disciplinary Deferred Suspension may not be imposed for longer than one regular semester. If this sanction is imposed during a semester, it may be imposed for the remainder of that semester

and one additional semester. Disciplinary Probation may be imposed for a period of time not to exceed three semesters after the period of Disciplinary Deferred Suspension. Additional student conduct sanctions appropriate to a new violation also may be imposed. A student who is on disciplinary deferred suspension is ineligible for (a) intercollegiate competition and all other activities publicly representative of the University, (b) major office (elective or appointive) in any University organization, and (c) any other extra-curricular activities. Students may petition the Office of Student Conduct to be allowed to participate in particular extracurricular activities, but approval or denial is at the sole discretion of the Student Conduct Office in consultation with the Dean of Students and is not reviewable by the Disciplinary Appeals Committee.

- C. **Disciplinary Suspension.** Disciplinary suspension is the temporary separation of the student from the Lehigh University Community, not to exceed seven consecutive fall and spring semesters. Students on disciplinary suspension are not permitted to participate in any University activities, academic or nonacademic. They may not take part in any official exercise, including graduation. They are not allowed on Lehigh premises during their suspension unless prior approval has been granted by the Dean of Students. Any request for the privilege of visiting Lehigh University during the suspension must be received by the Dean of Students in writing seven days prior to the date the privilege is desired. It should be understood that submission of a request in no way guarantees approval. Students requesting reinstatement upon passing of the suspension period must schedule a meeting with the Dean of Students prior to being granted approval for reinstatement. Additional requirements may be imposed at the time of suspension as conditions for reinstatement in good standing. For students who have been suspended, the Registrar will, during the period of the suspension, send with the transcript a letter stating the reasons and length of the suspension. Disciplinary Suspension must be applied for at least one full, regular semester (fall or spring). The sanction of Disciplinary Suspension will begin on the date that incident being adjudicated occurred. If suspension is imposed for an incident that occurs before the Monday of the 7th week of classes, that may be considered one full regular semester. If an incident occurs on or after the Monday of the 7th week of classes, and suspension is imposed, the suspension must continue through the end of the next regular semester. Exceptions to this practice may be made at the discretion of the hearing officer or panel that imposes the sanction. The rationale for sanctions must include a reason for this exception. Students who have been suspended are required to leave campus and cease participation in campus activities immediately while an appeal is pending. If an appeal is granted and changes are made to the outcome of the case, it is the responsibility of the student to complete missed work.
- D. **Expulsion.** Expulsion is the permanent removal of a student from the University. All cases in which the sanction of expulsion is imposed shall be referred to the Disciplinary Appeals Committee to ensure that the sanction is not unduly harsh. If the student does not submit a letter of appeal, the Conduct Officer shall supply a summary of the case to the disciplinary appeals committee for review. The Disciplinary Appeals Committee is required to ensure that the sanction is not unduly harsh. If the Disciplinary Appeals Committee finds that the sanction is unduly harsh, the student shall be suspended for seven semesters. Students who have been expelled are required to leave campus and cease participation in campus activities immediately while an appeal is pending. If an appeal is granted and changes are made to the outcome of the case, it is the responsibility of the student to complete missed work.
- E. **Disciplinary Withholding of Degrees.** The conferring of an academic degree may be postponed as a disciplinary sanction if the following criteria are met:
1. The respondent is of senior standing; and
 2. The sanction of Probation, Deferred Suspension, or Suspension might otherwise be imposed.

The student may be allowed to remain on campus to complete academic requirements of degree status, but the conferring of that degree would be postponed until a regularly scheduled commencement exercise after the one in which the student would have participated in. Degrees may not be withheld for longer than 4 semesters.

A student who is subject to a pending disciplinary case is not eligible to receive a degree or participate in graduation until that case is resolved.

- F. **Disciplinary Revocation of Degrees.** The University Committee on Discipline may recommend to the Board of Trustees the revocation of a degree if the following criteria are met:
1. The respondent has already been granted a degree by Lehigh University;
 2. The sanction of suspension or expulsion might otherwise be imposed; and
 3. The information leading to the allegations did not come to light until after the conferring of the degree in question, but occurred before the degree was conferred.

Only the Board of Trustees may revoke a degree. If the Board of Trustees does not uphold the sanction of Revocation, the case against the student will be considered dismissed.

II. SECONDARY SANCTIONS FOR INDIVIDUALS

Sanctions in addition to the primary sanctions may be imposed to educate the respondent, or protect and educate the Lehigh University Community as a whole.

This is a list of specific but non-restrictive examples of secondary sanctions:

1. Restitution or replacement of lost, damaged, or stolen property.
2. Suspension of privileges to participate in any activity sponsored by the university.
3. Suspension of privileges to use or occupy certain facilities.
4. Suspension of rights to represent the university.
5. Suspension of rights to occupy a position or office in a group or organization officially recognized by Lehigh University.
6. Referral for alcohol or drug abuse counseling; and mandatory periodic meetings with a dean or counselor.

Sanctions that suspend students' privileges shall have a set time of duration indicating when and under what conditions students may regain the privilege.

- A. **Sanctions related to academic integrity violations.** In addition, to the primary sanctions as listed in Section I, the Hearing Panel may impose a course grade of "F", which would remain on the transcript permanently. In the event that the student had already voluntarily withdrawn from the course in question, the "F" grade would replace the "W". If the Hearing Panel does not assign a grade of "F" in the course, it may provide recommendations to the instructor regarding grading (e.g., lowering the course grade by some amount). In any case in which a student is found responsible and a grade of "F" is not assigned, the grading of all exercises and the determination of the course grade are left to the sole discretion of the instructor and could result in an F being assigned.

III. SANCTIONS FOR CASES INVOLVING DRUGS AND/OR ALCOHOL

In cases involving drugs and alcohol the following secondary sanctions will be imposed.

1. **Counseling Center Interaction.** In all disciplinary cases involving drugs and alcohol in which the student is not suspended or expelled, a mandatory interaction with the

Department of University Counseling and Psychological Services (UCPS) shall be imposed. The nature and content of these interactions shall be developed by the UCPS in conjunction with the Conduct Officer and the Dean of Students.

2. **Parental Notification.** The parents of students under the age of 21 may be notified of all violations of the Code of Conduct as related to drugs and/or alcohol, as permitted by the Family Educational Rights and Privacy Act (FERPA).
 - A. **Serious Offenses involving Drugs and/or Alcohol.** While disciplinary suspension is an option for any single serious alcohol/drug violation, individuals found responsible for two serious alcohol or drug violations (i.e., creating risk to self or others which includes, but is not limited to, physical violence, serious property destruction, or other serious infractions) will be suspended for a minimum of one regular semester.

IV. PRIMARY SANCTIONS FOR ORGANIZATIONS

Organizations found responsible for a violation of this Code of Conduct will receive a sanction of disciplinary termination, disciplinary dissolution, deferred disciplinary dissolution, disciplinary probation, or disciplinary warning. They may also receive additional sanctions as outlined below.

Disciplinary Warning. A disciplinary warning is a written statement of responsibility of a group or organization for a violation of this Code of Conduct, along with the caution that any future violation may result in a more serious sanction. Other sanctions may be imposed along with the warning.

- A. **Disciplinary Probation.** Disciplinary probation is the conditional continuation of a group or organization for a specified period of time not to exceed four semesters. This status implies that any further violation of this Code of Conduct may result in dissolution, termination, or other authorized sanctions. Other sanctions may be imposed, including limitations on social activities, and additional requirements may be imposed as conditions for reinstatement of recognition in good standing.
- B. **Disciplinary Deferred Dissolution.** The sanction of disciplinary dissolution may be placed in deferred status for a limited period of time. During this period of time, the organization is on notice that any further violations of the Code of Conduct will result in the dissolution that was originally defined becoming effective immediately without further review. Disciplinary Deferred Dissolution may not be imposed for longer than two regular semesters. If this sanction is imposed during a semester, it may be imposed for the remainder of that semester and two additional semesters. Disciplinary Probation may be imposed for a period of time not to exceed three semesters after the period of Disciplinary Deferred Dissolution. Other restrictions on the organization's activities may be imposed.
- C. **Disciplinary Dissolution.** Dissolution is the loss of University recognition for a period of time not to exceed 5 years. Dissolution is the loss of privilege to use the University's name or represent it in any capacity. In addition, the group or organization will lose all privileges to use University equipment or facilities. The complaint must be submitted in writing to the Conduct Officer.

- A. Proceedings related to non-academic violations may be initiated at any point during a student's career, which includes undergraduate and graduate careers. In cases in which the offense is allegedly to have occurred during the final semester of matriculation, the Conduct Officer may file allegations in non-academic cases up to six months after graduation. There is no time limitation on proceedings related to academic dishonesty.
- B. In cases where multiple allegations and/or multiple accused students arise out of the same event or series of related events, the Conduct Officer shall have the discretion to direct that a single hearing be conducted with respect to the multiple allegations/students. Each accused student shall be entitled to be present for the testimony of all witnesses and shall be entitled

to question each witness. Any opening or closing statements shall be made to the hearing body by the accused student alone, outside the presence of any other accused student, unless the student waives this right.

- C. Any student organization involved in an academic dishonesty violation will have the case resolved by the University Committee on Discipline.
- D. The University Committee on Discipline

These processes will also be available online.
- E. **Disciplinary Conferences.** Disciplinary Conferences are meetings between a respondent or respondent organization and a Case Officer in which an alleged violation of the Code of Conduct is resolved in a less formal manner than a hearing.
1. During a disciplinary conference, the respondent or respondent organization shall retain all applicable rights as listed above.
 2. All hearing procedures shall be developed by the Conduct Officer. The respondent or respondent organization shall be informed of those procedures when they receive the notification of the time, date, and location of the hearing. These processes will also be available online.

3. The Conduct Officer in conjunction with the leaders of the parent organizations (IFC, Panhellenic, or Student Senate as examples) will determine the composition and selection for members of these subsidiary boards.
4. The Conduct Officer shall be responsible for determining which cases are referred to these boards based on time constraints, the severity of the alleged violation, and the ability of the subsidiary board to handle a particular case.
5. In cases in which these subsidiary boards are resolving alleged violations of the Code of Conduct, their role shall be to make recommendations to the Conduct Officer in both the determination of responsibility and the sanctions of a particular case. When the case involves internal rules of the parent organization, the decision of the subsidiary board shall be final, pending an appeal.
6. The Conduct Officer shall be responsible for developing process and procedures related to these panels and for providing training to the members.

 3. The respondent or student organization may provide a statement, and any other information that is relevant to the sanctions that will be imposed.

7. The respondent or student organization may appeal as outlined in Article IX.

XI. APPEALS

I. THE RIGHT TO APPEAL

Any student or student organization found responsible for a violation of the Code of Conduct, except for those cases involving violations of Article V of the Code of Conduct, shall have the right to appeal their case (based on the grounds below) to the Disciplinary Appeals Committee. Any student or student organization found responsible for a violation of Article V of the Code of Conduct, shall have the right to appeal their case pursuant to the provisions contained in Article V

II. GROUNDS FOR APPEALS

Students who have been found responsible for a violation of the Code of Conduct may request an appeal on the grounds that: (1) information was not available at the time of the hearing, is now available, and could reasonably be expected to have altered the outcome of the case; (2) the University disciplinary procedures were violated in a way that probably adversely affected the outcome of the case; or (3) the sanction was unduly harsh.

III. DISCIPLINARY APPEALS COMMITTEE

The University disciplinary appeals committee is a faculty committee set up to consider written appeals by students found responsible by any Hearing Panel.

Composition. The Disciplinary Appeals Committee shall consist of nine faculty members, four undergraduate students, and two graduate students. Undergraduate student Committee members shall be chosen by the Dean of Students Office, and Graduate Student Committee members by the Dean of Students Office in consultation with the Graduate Student Senate. Graduate or Undergraduate students can be used to hear an appeal by any student regardless of standing. Faculty shall be elected, two members from each of the four colleges and one at large faculty member. Faculty shall serve staggered three-year terms, and students shall be appointed for one-year terms. At the discretion of the Conduct Officer additional student members who are approved by the Dean of Students Office and, in the case of graduate students, by the Dean of Students Office and the Graduate Student Senate, may be selected to serve as alternates.

- A. Chairperson. The Disciplinary Appeals Committee shall elect its own chairperson from the faculty members. The chairperson of this committee shall also serve on the Disciplinary Review Committee.
- B. Role. The Disciplinary Appeals Committee is responsible for reviewing any appeals by students or organizations that are properly submitted. It is also responsible for reviewing all cases involving disciplinary expulsion as described in Article VI Sec. I.E.
- C. Process.
 1. Submission of Appeal. Respondents shall have three business days from the date of their outcome letter to submit, in writing, an appeal on one or more of the three grounds as listed in Art. IX, Sec. II. This letter should include specific details as to why an appeal should be granted. This letter is to be submitted to the Conduct Officer. The Conduct Officer is permitted to assist students in preparing appeals.

2. **Response to Appeal.** The Conduct Officer shall present a copy of this appeal to the chairperson of the Hearing Panel or Hearing Officer that made the determination in the case in question. This person shall submit a written response to the appeal to the Conduct Officer in a timely manner. In cases that involve a violation of the conduct procedures, the Conduct Officer shall write the response. The Conduct Officer is permitted to assist in the preparation of all responses.
3. **Disciplinary Appeals Hearing.** The Conduct Officer shall send copies of both the appeal and the response, as well as the contents of the case file to the members of the Disciplinary Appeals Committee and schedule a meeting. The committee shall also have access to the recording of the hearing if requested. The Disciplinary Appeals Committee shall hold closed meetings and base its decision only on the information contained in the appeal, the response, the case file, and if requested, the recording of the hearing. The Conduct Officer may be present to assist the committee.

Quorum. A Disciplinary Appeals Committee Hearing Panel will consist of no less than three and no more than five members, one of whom be a student and one of whom must be a faculty member.

- a. **Options.** The Disciplinary Appeals Committee may grant an appeal and refer the case back to the Office of Student Conduct for re-adjudication, or they may deny an appeal and uphold the original findings and sanctions. If an appeal is granted on the basis of an unduly harsh sanction, the Disciplinary Appeals Committee will develop a detailed rationale as well as provide specific information that guided its actions. At that time the Office of Student Conduct will gather a committee of one faculty member from the Hearing Panel that heard the case or the Hearing Officer in cases of Disciplinary Conferences, a faculty member of the group that heard the appeal, and a member of the Office of Student Conduct to discuss the sanctions. That group may, by majority vote, change the sanctions or make no change to the sanctions. This group will provide a detailed rationale for their decision. In cases in which the appeal is granted on the basis of 1) information was not available at the time of the hearing, is now available, and could reasonably be expected to have altered the outcome of the case and / or 2) the University disciplinary procedures were violated in a way that probably adversely affected the outcome of the case, the matter will be sent back to the Office of Student Conduct for re-adjudication.
- b. **Decision.** A simple majority of the committee is required to grant an appeal.
- c. **Process.** The Conduct Officer shall develop any internal scripts or processes for the operations of the Disciplinary Appeals Committee.

If the primary goal or outcome of the activity is to cause public ridicule, embarrassment, disruption of normal activities, harassment by others or the denotation of a student in an objectionable manner, then it would meet the definition of this category. Additionally, if a reasonable person would consider the event to be objectionable, it would fall into this category.*

Note: This Policy only provides amnesty from violations of the Lehigh University Code of Conduct. It does not grant amnesty for criminal, civil, or legal consequences for violations of Federal, State, or Local law.

- a. Students who seek emergency medical attention for themselves related to consumption of drugs or alcohol will not be charged with violations of the Lehigh University Code of Conduct related to that consumption (specifically: Art III, Section V., A,B,C,D), provided that the student subsequently completes an evaluation and any recommended treatment at the University Counseling and Psychological Services center within a reasonable time frame to be determined by the Office of Student Conduct. Failure to complete this evaluation/treatment may result in charges being filed with the Office of Student Conduct.
- b. Students who seek emergency medical attention for someone else will not be charged with violations of the Lehigh University Code of Conduct related to consumption of alcohol or drugs (specifically: Art III, Section V., A,B,C,D), or intoxication, provided that the student subsequently completes an evaluation and any recommended treatment at the University Counseling and Psychological Services center within a reasonable time frame if determined necessary by the Office of Student Conduct.
- c. Lehigh University considers the reporting of alleged sexual misconduct to be of great importance to our campus community. To encourage reporting, students reporting alleged sexual misconduct or gender violence may be granted immunity from student conduct charges for possession or consumption of alcohol or drugs (specifically: Art. III, Section V., A, B, C, D) related to the alleged misconduct. The nature and scope of immunity will be at the discretion of the Conduct Officer.
- d. Student Organizations are required to seek immediate medical assistance for their members or guests when any potential health risk is observed, including medical emergencies related to the use of alcohol and/or drugs. A Student Organization that seeks immediate assistance from

appropriate sources will not be charged with violations of the Lehigh University Social Policy or the Code of Conduct related to providing alcohol, providing that the organization completes any educational programming required by the Office of Student Conduct and the Office of Fraternity and Sorority Affairs. However, the organization can and will be held accountable for any other violations of the Code of Conduct related to the incident (e.g. endangering the health or safety of others, covered smoke detectors, etc.). Student Organizations that fail to seek immediate medical assistance for members or guests in need of attention will likely be charged with violations of the Code of Conduct and face dissolution or termination as the outcome of such charges. It is imperative that student organizations seek medical assistance for their members or guests in such an emergency situation.

- e. This Policy applies only to those students or organizations who seek emergency medical assistance in connection with an alcohol or drug-related medical emergency and does not apply to individuals experiencing an alcohol or drug-related medical emergency who are found by University employees. (i.e. University Police, Faculty, administrative staff, residence hall staff including gryphons)
- f. The Lehigh University Medical Amnesty Policy is not intended to shield or protect those students or organizations that repeatedly violate the Code of Conduct. In cases where repeated violations of the Lehigh University Code of Conduct occur, the University reserves the right to take judicial action on a case by case basis regardless of the manner in which the incident was reported. Additionally the University reserves the right to adjudicate any case in which the violations are egregious.
- g. The Office of Student Conduct reserves the right to contact any student to discuss an incident whether or not the Lehigh University Medical Amnesty Policy is in effect.

Policy on Freedom of Thought, Inquiry and Expression, and Dissent by Students

Free inquiry and free speech and expression, including the right to open dissent, are indispensable in achieving the goals of an academic community. Lehigh University students and student organizations are free to discuss all topics and questions of interest to them and to express opinions publicly and privately. Students and student organizations have the freedom to hold a demonstration (including a rally, gathering, protest, parade or procession) on campus as an expression of support or dissent. The right to protest is integral to the freedom of dissent and to a community grounded on freedom of thought, inquiry and expression. Protest actions may not, however, materially infringe upon the protected rights of others.¹

1. Students who are exercising their right to free speech and expression must abide by University policies, as stated in the University Code of Conduct, and rules, policies, and procedures in the Student Handbook.²
2. Students' rights of free speech and expression do not include unlawful activity or activity that:
 - a. endangers or imminently threatens to endanger the safety of any member of the University community or the safety of other persons, or the damage or destruction of University property; or
 - b. materially disrupts or obstructs the functions of the University or imminently threatens such disruption or obstruction. (This includes not only the University's functions related to its educational and research missions, but also University events and administrative, service, and ancillary functions related to the University's missions, including but not limited to on-campus recruitment and the operation of dining, residential, recreational and health facilities).
 - c. denies the rights of other members of the University community.

¹ Faculty freedom of inquiry, thought, expression, research, publication, and peaceable assembly is protected in the Policy on Academic Freedom, Section 2.1.1 of the Rules & Procedures of the Faculty.
² Students sponsoring a demonstration may wish to notify campus police and consult with faculty and the Dean of Students Office regarding interpretation of this policy.

3. The use of a University forum by students or student organizations shall not imply acceptance or endorsement by the University of the views expressed.
4. Lehigh University is a private institution and the University's property is private property. Persons or groups who are not part of the University community have no right or privilege to demonstrate, protest, post, or solicit on University property unless invited or sponsored by the University or by a University-recognized student organization or group, or by a Lehigh faculty or staff member for a legitimate educational purpose. If invitation or sponsorship is extended, it is subject to the compliance of such person or group with all University rules, policies, and procedures, and applicable legal requirements. Failure of a person or group on University property to adhere to an official request to leave University property may result in arrest or removal for trespassing.

Illustrative examples include:

A form of peaceful protest, for example, picketing outside a University building, would normally be considered an orderly demonstration as long as free passage was maintained through areas where members of the University community have a right to be. A demonstration within a University building would be considered orderly as long as there is free passage and there is not excessive noise. In the case of a planned event including speakers, a meeting, or a forum, a demonstration which interferes with the right of the audience to hear and be heard would be considered neither orderly nor peaceful.

This policy has been approved by the Faculty and as a policy that is integral to the education of students, any amendment, addendum, or repeal shall require advance consultation with, and approval of the Faculty.

Controlled Substances

Students who are concerned about personal or group problems in this area are urged to seek assistance from any resources of the University or surrounding community. In particular, the Dean of Students Office, the Office of Alcohol and Other Drug Programs, the Residence Life staff, the Counseling Service, Health Service staff, and the University Chaplain are available to assist any student in assessing his or her questions or concerns about drug use and abuse.

If a student has any questions with regard to the confidential nature of the information exchanged in a counseling relationship, he or she should broach such questions with the individual counselor at the outset of the relationship.

The University will not tolerate the sale of illegal drugs on campus. The University will take decisive action against any individual who is involved in drug trafficking.

Students also should be aware that federal and state laws prohibit illegal possession, sale and trafficking in marijuana and other controlled substances. Some of the laws are very strict. For example, Pennsylvania law imposes a minimum jail term of at least two years as a mandatory sentence (without the possibility of probation, suspended sentence or ARD) upon a first offender 18 years or older who simply gives a controlled

substance to a minor on or within 1,000 feet of the Lehigh campus or the grounds of any other school (18 Pa.C.S. 6314). For information on drug laws, contact the Lehigh University Police Department.

Guest Policy

Lehigh is a predominantly residential institution where students' rooms are regarded as private living and study areas. Whenever rooms are shared, the right of each student to privacy is naturally limited by the rights of his or her roommate or roommates. Thus, the use of a room for social purposes should not be at the expense of another's legitimate use of the room for sleep or study. Any student who brings guests to the campus is responsible for making relevant University regulations known to them and accepts responsibility for their conduct.

Religious Holidays & Religious Life at Lehigh

Lehigh University seeks to extend hospitality to all persons regardless of race, ethnicity, sexual orientation, economic or social background. Diversity is valued at Lehigh, and the University is committed to assuring that all persons who enter this community are welcomed and respected. Lehigh's policy on religious holidays can be found [online](http://chaplain.lehigh.edu/node/6) at <http://chaplain.lehigh.edu/node/6>

Religious Life at Lehigh

The University Chaplain's Office is responsible for all issues regarding Religious Life at Lehigh. This designation of responsibility has been made by Lehigh University, a private institution of higher learning with no sectarian bias. The University Chaplain, the Rev. Dr. Lloyd Steffen, reports to the Provost of the University in his role as University Chaplain. Questions about religious group activities, aid with programs, and other information or assistance should be directed to the University Chaplain's Office at x83877.

To assist students and visitors to campus, the following policy guidelines are observed:

- Questions regarding Religious Life, including those arising from religious groups, should be directed to the Chaplain's Office.
- Groups that invite visiting clergy to campus should inform the University Chaplain's Office so that these visitors may receive a formal invitation from the University and thus be present on campus in conjunction with a religious activity. As a private institution, Lehigh University could request that individuals not officially invited to campus be asked to leave.
- Religious materials may be distributed on campus, but the mode of distribution must be worked out in consultation with the Chaplain's Office. The University observes a non-intrusion policy with respect to living quarters, and residence halls are not to be entered for purposes of distributing religious materials. The Chaplain's Office can assist in the effort to distribute materials in a non-intrusive way.

Residential Living

The policies residential students must adhere to while living on campus are maintained in the General Provisions for Student Occupancy (GPO):

Student Records Policy

The following policies conform to the requirements of the Family Educational Rights and Privacy Act of 1974, as amended. A full statement of the act and the regulations for it may be inspected in the Linderman Library reference department and in the Dean of Students Office. A student has the right to “inspect, challenge, correct, and protect” the University’s educational files as they pertain to him or her. The files are:

Permanent Record File (Registrar’s Office) This file includes the official transcript, admission application and supporting credentials, and records of actions affecting academic status (e.g., petitions and corrections of academic records). After graduation, they are retained.

Student Personnel File (Dean of Students Office) This file includes the transcript, copies of correspondence, notations of disciplinary actions, the activities card supplied each semester by the student, and a record of contacts between the student and the office.

Disciplinary File (Dean of Students Office) Beginning with students who enroll in classes for the first time after August 1, 2013, Lehigh University will maintain disciplinary records indefinitely. Students taking classes prior to August 1, 2013 will have their records maintained for five years after their graduation except in cases of suspension and expulsion which will be kept indefinitely.

Copies of these records are made available to students in the course of disciplinary proceedings as part of Lehigh’s fundamentally fair process.

Placement File (Career Planning and Placement Services) The only materials in a student’s LUCIE (Lehigh University Career Information Exchange) account are those uploaded by the student for the information of recruiters. The account is inactive upon the student’s graduation.

Health Professions Advisory Committee File. This file contains student’s transcript, medical aptitude scores, faculty evaluations (on forms approved by the American Medical College Association), and correspondence relating to professional school admission. AMCA forms provide for the waiver of the student’s right to inspect confidential evaluations. These files are destroyed five years after graduation.

Financial Aid File (Financial Aid Office) This file contains the parents’ confidential statement or financial aid form, or both, and copies of tax returns that are regarded as confidential (see Release of Information - Confidential Records) unless there is written parental release. The file also contains correspondence relating the financial assistance. Files are destroyed five years after graduation.

College Files (Arts and Science, Business and Economics, Engineering and Applied Sciences, Education) These files contain copies of transcripts and correspondence relating to the student’s academic standing.

Directory Information In addition to the above-listed files, there is also directory information and information for use in University sports publications, which includes a student’s name, home and University address, mailbox number, home and University phone numbers, date and place of birth, name of parent or guardian, name of spouse, major field of college student, class, participation in sports and in officially recognized activities listed by the student, weight and height of members of

athletic teams, dates of attendance, degrees and awards received, and the most recently attended educational institution. Lehigh regards this information as being public in nature and may release it without the prior written consent of the student. The student may, however, request the University to withhold any or all of the above data and to release such information only upon written authorization. Such a request should be made at the time when information forms are filled out; a “withhold data” statement is provided on the forms for that purpose.

Release of Information Under University policy and public law, there are certain procedural requirements, conditions, and exceptions pertaining to the release of information from a student’s file, namely:

The University may not release information from a file without the student’s written consent, except to: a. University faculty and staff who have legitimate educational reasons for obtaining it; b. officials of other educational institutions where the student seeks to enroll, if the student is notified of the release, receives a copy of the record if desired, and has an opportunity for a hearing to challenge the record; c. local, state and federal agencies as specified by law; d. persons who require such information in connection with a student’s application for or receipt of financial aid; e. officials of accrediting agencies or organizations conducting educational research, if access to personal data is limited and such data is destroyed upon completion of studies; f. persons authorized through judicial order or pursuant to a subpoena; g. parents of students dependent upon them; h. and appropriate persons in the event of emergency where such information is necessary to the protection health and safety.

Student inspection. A written request from a student to inspect his or her file must be responded to within a reasonable period but in no case more than 45 days after the request has been made.

Release of Information to Parents of Students The University complies with the guidelines for parental access to a student’s educational records established by the U. S. Department of Education Family Educational Rights and Privacy Act Compliance Office. Beginning in the summer of 1997, the University will request annually a statement from the student declaring whether they are dependents of their parents as defined by Internal Revenue Code for tax purposes. Parents of students responding that they are dependents will be granted access according to University guidelines and federal regulations. Parents of students not responding or responding in the negative will not be granted access except according to the following conditions. Records may be released to parents ONLY under the following circumstances: 1) through the written consent of the student, 2) in compliance with a legally issued subpoena, and 3) by submission of evidence that the parents declare the student as a dependent on their most recent Federal Income Tax form. The written request must include the student’s name, parent or student’s signature and social security number and designate what information and to whom the information is to be released.

In case of divorce, separation or custody, it is the policy of the University when access is granted to one parent, equal access will be granted to the other upon written request unless there is a court order or legally binding document stating otherwise.

Confidential Records Certain records are legally recognized as confidential. These are:

1. confidential letters of recommendation or evaluations written before January, 1975;
2. financial statements submitted by parents in support of financial aid requests;
3. counseling and health records used only in helping the student and available only to other professionals of the student’s choice;
4. personal notes of faculty and administrators that are not accessible or revealed to anyone except a substitute.

Waiver conditions A student may waive his or her right of access to University files in the three areas of admission, job placement, and receipt awards, thereby making the related records confidential, if the student is informed of the names of all persons making confidential recommendations and if these recommendations are used only the specific purpose for which the waiver was given.

Right to Explanation Students who request access their records have the right to an official explanation and interpretation of the records.

Challenges If a student challenges the factual basis of a record, these actions are available:

1. If the student and the custodian agree as to error, the change is noted and signed by both.
2. If there is no agreement, the student may submit a written statement supporting his or her claim, and this statement will become a permanent part of the file.
3. In place of, or in addition to, submission of a written statement for the file, the student may apply in writing to the Dean of Students for hearing and must support the application with a statement of relevant facts. If the Dean of Students Office is involved in the dispute, the student's request for a hearing should be directed to the Vice Provost for Student Affairs.

Copies and costs Copies of documents in these files may be obtained at the normal rate for photocopy service. Transcripts may be obtained only from the Registrar's Office.

Withdrawal For Physical, Psychological or Emotional Disorders

Policy on Separation and Readmission of Students for Reasons of Health

Lehigh University reserves the right to require the withdrawal of any student whose physical, psychological or emotional health renders him or her incapable of either meeting minimal standards of academic performance or making the social adjustment necessary for the exercise of competent citizenship. When a student's physical or psychological health: a) renders him or her incapable of participating successfully in the educational program of the University, or b) poses a danger to the student or to the person or property of another, then the student may be separated or requested to withdraw or some other modification of his or her student status may be made. The following are detailed examples of some of the students to whom this policy applies:

1. Students who are deemed to be a danger to themselves or others. Danger to self or others Includes any danger of suicide, self-mutilation, accident, or assault substantially above normal limits which necessitates unusual measures to monitor, supervise, treat, protect, or restrain the student to ensure his or her safety and the safety of those around the student. As a standard practice, students that attempt suicide will be asked to take a minimum of two semesters leave from the University.
2. Students whose behavior is disruptive to others. Disruptive includes behavior which causes emotional, psychological or physical distress to fellow students or staff substantially above that normally experienced in daily life. Such disruption may be in the form of severe distress associated with one or more behavioral incidents, or somewhat less severe but persistent distress over a more extended period.
3. Students who refuse to cooperate with recommended assessment or treatment and whose physical or psychological disorder is likely to deteriorate to the point of permanent disability, disfigurement, impairment or dysfunction without such assessment or treatment. Where standard assessment is impossible because of the student's resistance, indirect behavioral observations will constitute the basis for such judgment.

4. Students whose physical or psychological disorder is of sufficient severity to substantially exceed the normal limits of the University's or locally available treatment resources and whose condition will deteriorate (as in 3 above) without additional resources.

Guidelines

The Dean of Students should be notified whenever a student appears to have a serious physical, psychological or emotional disorder which offers reasonable cause to believe he or she may be a danger to self or others, or may disrupt proper activities of the University community and its members, or may be unable to look after his or her affairs adequately.

The Dean of Students will contact the student and seek voluntary resolution of the situation through investigation and consultation.

Depending upon circumstances, an immediate professional assessment of the student's condition by the appropriate medical or mental health specialists, or both, of the University or other appropriate resources may be required, including a report of the resulting findings of the Dean of Students. Normally, the assessment is conducted by the Health Review Committee at the request of the Dean of Students or his or her designate.

When conditions allow for the full investigation and appraisal of the student's health status, resolution of the situation will be sought with the student's cooperation if at all possible. Voluntary withdrawals are encouraged to maximize the participation of the student or his or her family. If a student declines voluntary withdrawal he or she may be separated without consent (which action will be recorded for course credit purposes as a withdrawal) by action of the Dean of Students.

Students who are separated from the University for reasons of health as elaborated above will be on leave of absence until such time as the student becomes able to resume activities as a student.

Students who withdraw or are separated for reasons of health are eligible for tuition, residence hall rental and dining service refund of charges in accordance with existing University policy. For students receiving financial aid, consultation with the Office of Financial Aid will occur.

Housing Withdrawal Procedures. Students who withdraw, are suspended, expelled or are otherwise dismissed from the University or University housing are required to remove their belongings from their residence and return keys within 48 hours from the time the withdrawal, suspension, expulsion or dismissal goes into effect.

All personal property must be completely removed from the room.

All keys that you were issued must be returned to the Lehigh Police, Housing Services, Residence Life staff member or House Manager PRIOR to your departure. The penalty for not returning a room key is \$65 per key to change the lock on the room. Refund of housing charges will not be considered until the room is vacated and all keys issued have been returned to the Office of Residential Services. Calculation of any proportionate refund, if eligible, will be determined by such date (See Financial Responsibility –Housing Deposit/ Room Refunds)

Health Review Committee

The Health Review Committee is composed of the Director of the University Counseling Service, the Director of the University Health Service and a designee from the Dean of Students Office, who serves as chairperson. In the absence of any principal, a designee may be appointed to serve in the deliberations of the committee. The resources of the University consulting psychiatrist may be requested by the committee as appropriate to its mission.

Health Review Committee Guidelines

Usually a student is referred to the Health Review Committee for reasons of physical and/or psychological health that require evaluation due to the impact on the individual or community. The health review process may include a personal interview of the student by two or more members of the committee. Additional

assessments including psychological testing, medical examination or referral for psychiatric consultation may be required.

The committee will receive all medical, psychological or observational reports submitted with regard to or on behalf of the student as may pertain to determining health status. Treatment and evaluative reports should include information pertaining to diagnosis, treatment and prognosis.

Recommendations as to case disposition with regard to withdrawal or readmission, or both, for reasons of health are made to the Dean of Students. The student is advised of the recommendation made and the reasons for it. The findings submitted to the Dean of Students are held in confidence and are not entered on the student's academic record.

Guidelines for Readmission

Authorization to resume active student status may be granted by the Dean of Students after consideration of the individual's progress and current condition.

Ordinarily, when a student wishes to resume his or her studies, the Dean of Students should be notified at least two months in advance of the desired period of readmission.

Eligibility for readmission will be contingent on a letter or letters from a treatment resource, assessment and recommendation by the Health Review Committee and other information as may be needed for final determination by the Dean of Students.

Readmission may include stipulations concerning credit hours roistered, extracurricular activities, place of residence or other conditions as may be judged to be in the best interest of the student and the institution. Failure of the student to cooperate in these procedures governing withdrawal and reinstatement is grounds for continued or renewal of suspension of student status.

If a student disagrees with a decision regarding mandatory leave or readmission or feels his or her situation does not fall within this policy, the student may appeal to the Vice Provost for Student Affairs, who will make a final decision.

Selected Pennsylvania Laws

The University expects every student to be aware of these laws and of his or her responsibility to comply with them. Ignorance of the law is never a defense.

Alcoholic Beverages

Members of the University community are reminded that the laws of the Commonwealth of Pennsylvania pertaining to alcoholic beverages apply to the University campus and each individual is responsible for observing and complying with such laws. For your convenience, we have summarized portions of Pennsylvania law below. The following summary is not intended to be comprehensive and the laws reflected may change from time to time.

All persons while in the Commonwealth of Pennsylvania are subject to the Pennsylvania liquor and crimes codes.

Any person less than 21 years of age who attempts to purchase, purchases, consumes, possesses, or knowingly and intentionally transports any alcoholic beverages within Pennsylvania is subject to automatic loss of motor vehicle operating privileges for up to two years or more and to other penalties, including fines; arresting officers are required to notify parents or guardians of arrests made for under age drinking (18 Pa.C.S. 6308 and 6310.4).

Any person who purchases with intent to sell or furnish, or sells or furnishes alcoholic beverages of any kind to persons under 21 years of age faces penalties upon conviction of up to \$2,500 (18 Pa.C.S. 6310.1). The law has been interpreted to mean that no person under 21 years of age may pay assessments which will be used in whole or in part for the purchase of alcoholic beverages.

Intentionally and knowingly furnishing alcoholic beverages to persons under 21 is illegal. According to this law, furnish means “to supply, give or provide to, or allow a minor to possess on the premises or property owned or controlled by the person charged”.

It is unlawful to misrepresent one’s own age to obtain alcoholic beverages or for such purposes to represent to anyone that another person is 21 years of age or older; misrepresentation of one’s own age will result in automatic loss of motor vehicle operating privileges (18 Pa.C.S. 6307 and 6309).

The law prohibits the use of another’s identification card or an unauthorized identification card to obtain alcoholic beverages or the carrying of an identification card bearing a false name, age, date of birth or photograph and provides for certain automatic minimum fines and loss of motor vehicle operating privileges (18 Pa.C.S. 6310.3). The law imposes heavy mandatory minimum fines (\$ 1,000 for the first violation and \$2,500 for each subsequent violation) for the manufacture, sale or attempted sale of false identification cards as well as possible imprisonment for up to two years (18 Pa.C.S. 6310.2).

It is unlawful to possess or transport any alcoholic beverages, e.g., beer, wine or liquor, not purchased according to Pennsylvania law.

Under Pennsylvania law a blood alcohol reading of 0.08% or more for an adult, and more than 0.02% for a minor, constitutes drunk driving (“driving under influence”). Refusal to take a breath, blood or urine test results in an automatic 12 month suspension of Pennsylvania vehicle operating privileges, as does a conviction for DUI (75 Pa.C.S. 1532, 1547 and 3802). It is unlawful for any person who is a driver in any vehicle to consume any alcoholic beverage or controlled substance, as defined in the act of April 14, 1972 (P.L. 233, No. 64), in the vehicle while it is in operation on any highway in this Commonwealth. Possessing open containers of alcoholic beverages in a moving vehicle may result in the prosecution of the driver for illegal consumption while operating a motor vehicle.

It is unlawful for any person who is an operator or an occupant in any motor vehicle to be in possession of an open alcoholic beverage or controlled substance. The penalty for this is a summary offense.

Trash Burning

- Students may not burn trash, debris or other combustible material on the campus.
- Open fires are strictly prohibited with limited exceptions (e.g., camp fires for cooking)
- Pennsylvania law prohibits open fires anywhere in the Allentown , Bethlehem , Easton air basin (25 Pa.Code 129.14).

Firearms

- To prevent personal injury, the University prohibits possession or use of any potentially dangerous weapon or explosive on University property.
- Such prohibited weapons include, but are not limited to, firearms, ammunition, air guns, spring-type weapons, slingshots and firecrackers.
- Violators of these regulations are subject to disciplinary action and contraband is subject to confiscation.
- Weapons under the control of the military departments are not subject to these regulations.
- All firearms belonging to Lehigh University must be secured in the Lehigh Police Office.
- Pennsylvania has adopted the Uniform Firearms Act (18 Pa.C.S. Subch. 61A), which generally prohibits carrying handguns on the person or in vehicles without a license.
- In the City of Bethlehem, licenses are issued by the Lehigh or Northampton County Sheriff’s Office.

Miscellaneous Policies

Tree Cutting

All trees and shrubbery on the campus are University property and may not be trimmed, cut, or removed without prior approval of the Director of Facilities.

Pools

The University does not permit construction of any type of pool, indoor or outdoor, in any fraternity, sorority or residence area.

The policy is due to the legal liabilities associated with pools in residential areas, as well as the potential risk for injury and wear on facilities.

In addition, the two pools located in Taylor Gym adequately and safely serve the Lehigh community's swimming needs.

Fire Equipment

The supply, placement and maintenance of fire equipment in the residence halls is in conformity with the safety laws of the Commonwealth of Pennsylvania .

All students have a joint interest and responsibility in maintaining this equipment in perfect condition.

Violators are subject to prosecution by state laws as well as University penalties. Any student who maliciously or intentionally misuses or damages any fire equipment will be subject to appropriate disciplinary action up to and including suspension from the University.

Individuals responsible for misuse or damage will be fined up to \$1000.00 plus replacement cost and subject to disciplinary action.

Identification Cards

Every student must carry his or her ID card at all times.

Upon request of any community official, a student must show his/her ID Card.

University community officials include Lehigh police, Gryphons, residence halls and fraternity security personnel, House Managers in fraternities and sororities, Athletic Department personnel, Dining Services personnel and Library personnel.

Skateboards

While the use of Skateboards is not prohibited on campus, they must be used safely and in a manner that does not inconvenience or endanger others.

Stopping Cars on Campus

Stopping cars on campus by pedestrians for purposes of seeking rides or otherwise is prohibited.

The campus police are authorized to enforce this regulation and to examine ID cards of offenders, whose names will be transmitted to the Dean of Students Office.

Financial Responsibility

Financial Responsibility

Students and organizations are expected to meet all financial obligations to the University. Officers of recognized student organizations are held responsible and accountable for the payment of the organization's bills. Failure to comply with this regulation can lead to the closing of the student's records and to disciplinary action.

Students, not parents, are responsible for their accounts and are expected to pay all bills by the appropriate due date. All financial obligations must be satisfied in order for a student to complete registration each semester.

Billing and Payment of Student Accounts

Semester Invoices for Tuition, Academic Fees, Housing & Meal Plans. Fall semester bills are mailed in mid July with payments due in early August. Spring semester bills are mailed the first week in December with payment due in early January. Summer semester bills are mailed in early May with payment due several days before the first day of classes. Students that register late may not receive an invoice before the applicable due date. Late registration does not excuse the student from satisfying financial obligations by the announced semester due dates. Students can review their Bursar account balance on-line 24/7. Students registering after the announced semester due date should be prepared to satisfy their financial obligations at the time of registration.

Payment of Semester Invoices

To clear registration, the student must make payment and/or submit a completed Bursar Payment Worksheet to the Bursar's Office identifying approved, pending financial aid that equals or exceeds their student account balance. Student accounts that are not cleared in total by the announced due dates will be subject to a late payment fee. Students that have not satisfied their financial obligations by the first day of classes are subject to having their registration revoked. If you require an earlier billing to insure payment by the due date, you must notify the Bursar in writing each semester of the date on which the bill is needed.

Invoices for Miscellaneous Charges

Other charges, such as telephone, parking tickets, etc, are typically billed on a monthly basis with payment due the first week of the following month. Past due balances such as those from new miscellaneous charges or failure to complete the necessary requirements to receive pending financial aid, may result in the student's academic records being closed and therefore prohibited from registering for future semesters.

Returned Check Policy

Personal checks are accepted in payment of all bills. Checks returned to Lehigh by the bank for any reason will be referred to the Lehigh Police unless they are cleared immediately. Additionally, the University may require certified checks or money orders for all future payments.

Closing of records

Failure to meet any financial or other obligation to the University will result in the closing of the student's record. Such action can effectively bar the student from attending classes, obtaining grade transcripts or recommendations, registering for the following semester, or receiving a diploma or degree. This regulation applies also to Lehigh students incurring financial obligations at other Lehigh Valley colleges (e.g. library fines, etc.).

Organizational responsibility

Organizations are expected to meet all financial obligations to the University. This means that the organization, its officers and respective committee chairmen must pay all bills for normal expense or damages. Financial obligations incurred by a student for an organization becomes a personal responsibility if the organization, through its officers, does not assume official responsibility. Failure of officers to provide satisfactory accounting for organizational funds may lead to the closing of their University records as indicated above.

Refund of Tuition Charges

An undergraduate student in good standing who formally withdraws or reduces his or her course enrollment below twelve credit hours before 60% of the semester has been completed during the fall and spring semesters will be eligible for a tuition refund. An undergraduate student in good standing who formally withdraws or reduces his or her course enrollment before 60% of a session has been completed during the summer sessions will be eligible for a tuition refund.

A graduate student in good standing who formally withdraws or reduces his or her course enrollment before 60% of the semester has been completed during any semester will be eligible for a tuition refund.

The tuition refund for a student who withdraws or drops a course(s) is calculated on a daily basis. No refunds for tuition can be made for courses or workshops with five class sessions or less after the first day of class. Additional penalties may apply to withdraw from special programs or courses held at off-campus locations, such as Study Abroad or Geology Field Camp.

The date used to calculate refunds is based on when a properly authorized withdrawal or drop/add is received by the Registrar's Office.

Further information on Tuition Refunds can be found in the course catalog, available online at: <http://catalog.lehigh.edu/pdf/2015-16.pdf>

Tuition Credit/Refund for a Disciplinary Suspension or Expulsion

A student who is suspended from the University during the semester in which the incident occurred is eligible for a tuition credit that will be applied to the semester immediately following the period of suspension. The amount of tuition credited will be based upon the tuition refund schedule for a voluntary withdrawal and the tuition rate in effect during the semester in which the incident occurred less any required financial aid adjustments and any outstanding balance on the student's account. The date used to calculate the tuition credit will be the date that the disciplinary process (including any appeals) is finalized and communicated in writing to the student. For cases in which a student is intermily suspended and prohibited from being on campus or attending classes, the tuition credit will be calculated using the interim suspension date. Tuition credit not utilized in the semester immediately following the period of suspension is forfeited.

A student who is expelled from the University forfeits all payments for tuition and fees incurred for the semester the incident occurred.

If the decision to suspend or expel a student is made in a semester subsequent to the semester in which the incident occurred, the student is eligible to receive a 100% tuition refund less any required financial aid adjustments and less any other less any outstanding balance on the student's account not related to the current semester of instruction.. Refunds will not be distributed until all disciplinary procedures including the appeals process are complete.

The University may, in its sole discretion, place a hold on the student's academic records at the time of the incident, which will limit access to transcripts and other educational records until the disciplinary process is complete.

Please note that financial aid is not guaranteed for students who exceed 8 semesters of enrollment because of a disciplinary suspension.

Collection Costs

In all cases where delinquent accounts are placed with a collection agency or attorney, all collection costs and attorney's fees incurred by the University will become the additional responsibility of the party responsible for the account, and will be collected as part of the account.

Personal Property Insurance

The University assumes no responsibility for loss of or damage to personal property. Students should contact an insurance agent concerning possible protection against such losses or for coverage under a family homeowner's policy.

Contract Cancellation A student must petition for cancellation of the Residence Hall Housing and Meal Plan Contract obligation in order to be permitted to reside in non-University housing.
