Information for Members of Student Senate Recognized Student Organizations at Lehigh University

A message for all student organization members and leaders at Lehigh University from the Office of Student Activities

Dear Student Organization Members:

The student organization experience at Lehigh University provides students with personal skill development opportunities, a way to explore interests and hobbies, and the ability to actively contribute to the campus social environment. This experience also connects students to their peers and the greater campus community.

As members of the Lehigh University community you are all expected to abide by the Student Code of Conduct including the section regarding hazing. I challenge you as a student leader to a higher standard; take pride in your organization and our campus by leading with integrity. The Office of Student Activities supports student organizations that seek paths of leadership and respect for others over those who choose to participate in behavior associated with hazing.

I invite you to join me and other members of the campus community in the creation of a culture where hazing is not tolerated at Lehigh University. More information on this initiative can be found throughout the Hazing Prevention website.

Please do not hesitate to contact me with any questions or concerns regarding this matter or any others concerning the success of your student organization.

Best regards,

Matthew Kitchie
Senior Assistant Dean of Students &
Director of Student Activities
