Lehigh's Absence Policy

The Health & Wellness Center does not distribute medical excuses in the case of students missing class due to illness or injury. It is important for all students to contact their instructor as soon as possible should you need to miss class for any reason, including illness or injury. It is recommended by the Office of Academic Life & Student Transitions that you notify your professor of your plans to be absent before class begins if possible.

Lehigh students may fill out a Report of Student Absence form through the Office of Academic Life & Student Transitions. Additional steps and more information can be found on our website.
