Wellness Wagon

Have you seen us around campus? As an extension of the Health & Wellness Center’s student resource center located on the 3rd floor of Johnson Hall, keep an eye out for the Wellness Wagon - our resource center ON WHEELS! Find the Peer Health Advisors cruising around campus several times a week with health-related items and resources.

See what students are saying...

This is an awesome idea that I was happy to see in the library. I don’t normally fill out these surveys but I really like this idea and hope it continues.

This is an amazing idea and I’m so happy is an option for students!

This was by far the best thing I’ve seen on Lehigh’s campuses so far, please bring it back!

This is my first time seeing something like this and I think it’s amazing, especially for students who don’t know about resources on campus.
Everyone has a role in campus safety, what is yours?
