Why Can't We Be Friends? How Chapters and Administration Can Work Together, Holly Taylor (Assoc Director, Office of Student Conduct & Community Expectations)
Let's be honest: the past few years have been tough for students in Greek organizations and the administration that is hired to enforce policies. So let's move forward. This presentation will discuss several positive ways that chapters and the Lehigh administration can work together. We'll also talk about some trends in our current Greek chapters and how we can work together to help chapters stay out of trouble all together.
