

Anti-Hazing Statement:

The Following is taken from Kappa Alpha Theta Fraternity Bylaws, Article I, Section 4:

“Hazing or mock initiation of any kind is forbidden.”

Kappa Alpha Theta seeks to promote a high standard of excellence in all aspects of Fraternity life and prides itself on acting as a leader within the Greek community. Risk prevention policies are in place to protect our Fraternity’s rich history, but more importantly, the well-being of our members. The goals of Kappa Alpha Theta membership include, but are not limited to: the preparation of a woman to accept the responsibilities of Fraternity membership and the encouragement of a woman’s personal development to meet the demands of a mature life. In accordance with these goals, Kappa Alpha Theta does not tolerate any acts that may be constituted as hazing.

Hazing can be defined as subjecting a person to an activity which endangers or is likely to endanger the health or safety of a member or which tends to humiliate, embarrass, or cause personal discomfort regardless of one’s willingness to participate in such activity.

Hazing violates Kappa Alpha Theta Fraternity laws, FIPG and Fraternity insurance carrier policies and may violate local, state, province, university or college rules and regulations. Hazing is a severe risk prevention concern and is subject to legal consequences, including criminal liability in many jurisdictions. Risk prevention means more than keeping members safe at social events; it means maintaining safety throughout all aspects of chapter membership. Kappa Alpha Theta seeks to promote an environment that is physically and emotionally safe at all times.

Hazing, in any form, will not be not tolerated. Hazing may result in chapter and member discipline, including termination of membership.

Chapter’s Hazing Reporting Protocol:

In the case that someone in the chapter is believed to be hazing, or causing an uncomfortable situation for a New Member, the offense will be brought to the attention of the Chief Executive Officer, Meghan Reynolds, Chief Learning Officer, Hannah Leland, and New Member Director, Kiley Hockensmith. The three will convene over the matter, and inform the Advisory Board Chairman, Ashley Sciora. The four will discuss the situation further, and determine what the

proper response should be and the initiated member(s) in question will likely be called before the Member Development Committee (MDC) for further investigation and internal disciplinary action. If upon investigation it is found that hazing did occur, the case will be brought to the attention of the District Team, and Kappa Alpha Theta Headquarters.

If it is found that hazing is occurring within the chapter, the chapter as a whole will be subject to disciplinary action by Kappa Alpha Theta Headquarters including but not limited to chapter disciplinary probation, membership limitations, chapter charter review and/or withdrawal of the chapter charter.

No activities are mandatory; however, attendance is highly encouraged for a smooth transition into the chapter. If a Weekly Chapter Meeting or Weekly New Member Meeting will be missed, the New Member is expected to notify the New Member Director in advance.

If a New Member is unable to attend a scheduled New Member meeting, the New Member Director will schedule a time with her to review the missed Module, at a time that is convenient for both the New Member and Officer.

All other events and activities are planned for the benefit of acclimating the New Members with the initiated chapter members. All New Members reserve the right to attend or not attend as they so choose.

Lehigh University's Hazing Policy can also be found at:

<http://studentaffairs.lehigh.edu/hazing-prevention>. This is an informal resource that provides policy information, how to report hazing, and other useful tools.

Events

New Members will be able to participate in any event the initiated members can sign up for including service opportunities or any charity events.

There will be numerous opportunities for volunteer work alongside initiated members, so as to give every New Member a chance to attend and help the community while getting to know the initiated members in the chapter better. Also, any speakers or events on campus that initiated members are a part of, or the chapter is supporting, will be encouraged opportunities for the New Members to spend time with the initiated members while being involved on campus, outside of the formal member orientation. Initiated members are also encouraged to interact with the New Members on a day-to-day basis.

Every Sunday evening at 6:30pm our chapter meeting is held and the New Members are asked to participate in those meetings.

After pledge service a “When to Meet” survey will be sent to new members asking their availability for study hours. Based on the results of the when to meet survey, we will determine one three-hour block of study hours on a set day of the week. We will then announce these hours during chapter and remind initiated members of them each week. This gives new members an opportunity to come up and study with members of their own member class and initiated members. Our goal is to be as flexible as possible with our new members to best accommodate their various schedules. Once these study times are determined, they will be immediately shared with OFSA and our chapter advisors. Scholarship and time management are priorities, and this can give new members the opportunity to do homework or study in a relaxed environment while at the house getting to know the initiated members.

Goals

Throughout the member orientation process, we hope that the New Members will foster relationships and sisterhood with the women around them while learning about and appreciating Kappa Alpha Theta. Furthermore, we aim to provide New Members with numerous opportunities to engage with campus resources and learn about leadership opportunities inside and outside of Theta. The purpose of member orientation is to provide new members with an orientation to the Fraternity and to integrate them into the chapter as members in a timely manner.

She will go in depth about what MDC is, how it can be used, and the benefits it has on the chapter as well as the benefits and services it provides for each individual

Other seniors will be offered the opportunity to attend this module and speak on their Theta experiences as well. Following the CEO's talk, members will be given a chance to reflect on their time thus far in Theta and their identity development. This will be an opportunity to check-in and see how they have grown and how their personal values connect to Theta's values.

This will help new members understand how the chapter runs on a deeper level while simultaneously giving them access to the resources we have on an international level. It will prepare them for the transition from a new member to initiated members.

Week 4

- Academic Mentor Week
 - Academic Mentor week continues the momentum from the Intellectual Curiosity module, which is required by Headquarters. By utilizing one of Kappa Alpha Theta's core values as a central theme throughout this week, we combine our successful Lehigh academic mentorship with a key Theta value to help show that Theta's principles are relevant throughout our educational experience at Lehigh.
 - Academic mentors are scholastic mentors paired with a new member. Academic

mentors, which we call Kite Sisters, will be chosen based on the same or similar major to their mentee so new members can work with them regarding scholarship matters. It's another way for the new members to feel connected and a part of the chapter and have an optional study buddy. All Kite Sisters will be trained prior to the module and receive the facilitator's guide.

- Throughout the week, new members will receive study tips and academic advice from their Kite Sister. The week ends on Friday with the Kite Sisters reaching out to the new members over zoom to introduce themselves. Similar to study hours, the kite academic mentor program will be an opportunity for academic mentors and new members to strengthen their professional growth and successful foundation for the rest of their time at Lehigh. Mentors will be encouraged to meet with their pairing individually throughout the semester.
 - In forming these academic connections early, the new members will get excited about the academic and scholarship side of Theta, just as they would other events like big little reveal or philanthropy events. With the same excitement surrounding academic events as other events, new members get a glimpse into how important Scholarship is to our chapter and overall sorority.

It is important to participate in giving back to the community, and new members will be able to share clubs or opportunities they take part in that help those in need. We will invite Isabel Barone (Philanthropy Director) who can also discuss service opportunities around campus, and in the Bethlehem community. Also, she will discuss our national philanthropy, CASA. During this meeting, we will ask the new members to reflect on the causes they are passionate about. - Big Little Week
 - This week is one of the more exciting times as a new member. The big sister is someone that the new members get to look up to for guidance and advice, and they are welcomed into their family and Theta lineage. It's always a really fun time in the chapter. The theme of the week is geared towards showing new members what it is like to be a Theta and all the benefits that are associated with it: academically, mentally, and socially. The week ends with the revelation of each initiated member's big/family.
