

Phikeia (New Member) Education Plan Spring 2020 PA Eta Chapter

Written by: Delton Tschida, William Orsland and the Phikeia Education
Committee

The primary objective of the Phi Delta Theta PA Eta Phikeia Education plan is to teach new members about every aspect of the Fraternity and to prepare them for initiation and lifelong committed membership in Phi Delta Theta. The Phikeia will convene every Monday for meetings designed to educate them about the inner workings of the Fraternity including the duties of the executive officers, the regular officers, and the committee system within the Fraternity. They will also learn about the history of both Phi Delta Theta PA Eta and of the entire Phi Delta Theta organization. The Phikeia will be given a copy of this Phikeia Education Plan, the Manual of Phi Delta Theta, the Phi Delta Theta PA Eta Bylaws, and any other documents, historical or otherwise, needed to properly educate them on the Fraternity. Initiation will be held on the first Sunday following the resumption of Greek activities.

The ultimate goals of this program is to successfully prepare all of the Phikeia for initiation, enhance their scholarship performance, and to provide a challenging educational experience which will cultivate commitment and excitement in these new brothers of Phi Delta Theta. The Phikeia Education Program was designed to teach the fundamentals of being an effective member of Phi Delta Theta, so that the chapter might enjoy the future leadership of these young men. The program will give the Phikeia the skills, put them into practice, and temper their use with the wisdom of the Fraternity's principles.

Anti-Hazing Statement (from the Phi Delta Theta Fraternity Executives Association)

- The Association believes that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority and loyalty to the principles of higher education.
- The Association further believes that while social behavior cannot be legislated, a Fraternity without morally sound precepts and practices is not a constructive influence upon college students.
- The Association further believes that a Fraternity has a solemn obligation in the development of its pledges/associates and members and that this responsibility extends alike to the institutions where it is represented; to parents and others who make possible the education of pledges/associates and members; to the communities where chapters are accountable for good citizenship; and to the college Fraternity system of which it is a part.
- The Association further believes that while much progress has been made, one of the most damaging instruments to the Fraternity system is the employment of a program of education which includes hazing, and that this unproductive, ridiculous and hazardous custom has no rightful place in the Fraternity system.
- The Association defines hazing as any action taken or situation created, intentionally, whether on or off Fraternity premises, to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations includes paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities, late work sessions which interfere with scholastic activities and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.

Our Chapter's Stance On Hazing

The Phi Delta Theta PA Eta chapter has a strict zero-tolerance policy regarding hazing that follows the guidelines listed above by our General Headquarters. Should any Phikeia experience any of the situations above, they are encouraged to speak up to the Phikeia Educators (Delton Tschida and/or William Orsland), President (Jefferson Van Buskirk), Vice President (Zachary Levin), or any other Brother in the Fraternity to correct the situation. They are also encouraged to call the Phi Delta Theta Crisis Hotline, 1-877-563-1848, the Lehigh University Hotline, 1-888-NOT-HAZE, or report the situation at Lehigh.edu/ofsa. The Chapter Advisory Board (CAB) Chair, Richard Dunne (609-468-7051) can be used as an additional point of contact.

Phikeia Weekly Meeting Guidelines

All members of the Phikeia class will meet every Monday at roughly 8:30 PM-9:30PM. These meetings will take place at the Phi Delta Theta chapter house.

Most meetings will consist of the following parts:

Opening Remarks: The Phikeia Educator will call the meeting to order, review the minutes from the previous meeting, and read the agenda for the current meeting.

Case Study: The Phikeia will be presented with a theoretical situation in which they will have to make a difficult decision - Case Studies will be modeled after real events that happened in the Fraternity in the past.

History Lesson: The Phikeia will be given a lesson on the history of the PA Eta Chapter - related to the case study to allow them to critique the actual decision that was made by the chapter in the same situation they were just given. After analyzing both decisions, the Phikeia will come up with a final solution to the case study allowing them to analyze both each other's' values and the values of the current members of the PA Eta Chapter

Guest Speaker: Almost every week, a different guest speaker(s) will visit the Phikeia during their meeting - These guest speakers will be executive officers, regular officers, and alumni of Phi Delta Theta PA Eta - Officers will discuss their role in the Fraternity and how it relates to the Phikeia - Alumni will discuss their experiences with Phi Delta Theta and any advice they have to impart to the Phikeia.

Big Brothers: Big Brothers will be selected by preference of both the Phikeia and the brothers of Phi Delta Theta PA Eta early in the third week. During the third week of Phikeia Education, a Big Brother Ceremony will be held which will be mandatory for all members of the Fraternity. During this ceremony, the Big Brothers will recite the Big Brother Creed and will commit

themselves to assisting their Little Brothers through the process of Phikeia Education. Big Brothers will help the Phikeia in identity development by helping them learn who they are as individuals and find their place in Phi Delta Theta. They will each have time to bond with their Little Brothers in both individual and group settings.

Expectations for the Phikeia

Attire: As per General Headquarters policies, Phikeia should dress appropriately for all occasions. At certain meetings, with fair notice, you are expected to wear slacks, coat, and tie with your Phikeia Pin. The pin should be worn over the heart on a collared shirt or sweater, never on a lapel or vest.

Attendance and Punctuality: Phi Delta Theta believes that attendance and punctuality at meetings is of paramount importance for every member and we believe the Phikeia should be taught this importance as soon as possible. Thus, the Phikeia will be held to the same standard with regard to attendance at events as full members of Phi Delta Theta PA Eta. This means that every Phikeia must attend weekly meetings and any philanthropy, community service, and otherwise mandatory non-social events. Any scheduling conflicts will be handled by the Phikeia Educator.

Academics: We believe that academics are the most important aspect of the college experience and that it can be easy to get caught up in fraternity life and begin to ignore the importance of working hard and studying. Therefore, the following guidelines in accordance with the policies of the Scholarship Committee will be presented to the Phikeia.

- Phikeia will be required to attend 10 Study Hours per week as per the recommendation of the Phi Delta Theta General Headquarters Guide to Phikeia Education. These hours can be completed at the Phi Delta Theta Chapter House, Libraries, or with assistance from an active brother in order to ensure that the Phikeia do not fall behind academically while working to become a member of Phi Delta Theta
- Phikeia will be required to meet with our Scholarship Committee and discuss their academic schedule and performance. They will be placed on the Phi Delta Theta Scholarship Program consisting of filling out a weekly/daily planner and being paired with a mentor.
- If a Phikeia has a GPA within the Academic Assistance Levels specified by the Scholarship Committee, he will also be required to submit grade reports as to how he is doing in each class so that the Scholarship Committee can assess his performance.
- A Phikeia who has a GPA within the Academic Assistance Levels will also meet with the Scholarship Chair and create an academic plan tailored to the needs of the Phikeia to improve study skills. He will also be assigned a member of the scholarship committee to monitor his progress and work with him individually throughout the semester.
- Phikeia must have at least a 2.5 GPA to be initiated.

Phikeia Disciplinary Procedures: Should a Phikeia not meet the standards that are expected of him, (be it not achieving academically, failing to attend mandatory events, violating Lehigh University Code of Conduct, etc.) he will be subject to Judicial Review and possible removal from the Phikeia Program. The Phikeia Educator and the Phikeia Committee will evaluate the performance of each Phikeia and give a presentation to the chapter on a weekly basis outlining any concerns, but also voicing words of praise for each member of the Phikeia. If the Chapter

feels the Phikeia is not performing to the standards set by the education program, the Chapter can vote to remove a member from the Phikeia Education Program.

Phikeia Education Schedule

The Phikeia Education calendar is subject to change due to inclement weather, personal obligations of the Phikeia Educator, schedules of the Phikeia, and availability of PA Eta brothers. The calendar provides descriptions of planned events, along with the tentative weeks for which those events will occur in the Phikeia Education Process.

Not included in the schedule are two talks/presentations from campus resources. Tentatively, the Phikeia will hear a talk from Break the Silence and Peer Health Advisors during the second and third weeks. The date for these will be confirmed once we are able to do so following the lifting of the greek “pause”.
