

Report on Spring 2025 New Member Program for ZTA

Goals of the New Member Program

The Spring 2025 new member program is designed to:

1. Welcome new members and integrate them into the chapter.
2. Educate new members about ZTA's history, values, and expectations.
3. Build meaningful relationships between new members and active chapter members.
4. Strengthen the sense of sisterhood through shared experiences and rituals.
5. Prepare new members for initiation and long-term active membership.
6. Cultivate leadership skills and a deeper understanding of ZTA's organizational structure.

Weekly Meetings and Online Modules Each weekly meeting will begin with a discussion of workshops completed by members on "Z-Learning," Zeta Tau Alpha's national website. These workshops are designed to provide foundational knowledge and will be reviewed as a group before moving on to new topics. New members are required to complete online modules prior to the meetings. Clear directions will be given to ensure members can easily access and use the website, fostering a smooth learning experience.

Sisterhood Committee and Activities A dedicated Sisterhood Committee will work throughout the semester to plan activities that promote bonding among new members. These events will include team-building exercises, group outings, and informal gatherings to create a supportive environment and foster meaningful relationships. The committee's efforts are integral to building a strong sense of community and connection within the chapter.

New Member Retreat The program will include a New Member Retreat held at the ZTA House. This retreat is a cornerstone of the new member experience, offering an opportunity for bonding among new members and between new members and active chapter members.

Conclusion

This comprehensive program has been meticulously designed to provide new members with a well-rounded and immersive introduction to ZTA. By combining education, rituals, and sisterhood activities, we aim to cultivate a deep sense of belonging and commitment. The structured lessons and events ensure that new members are fully prepared for active membership and equipped to contribute meaningfully to the chapter. Moving forward, this program will continue to be a cornerstone of fostering leadership, unity, and lifelong engagement within ZTA.

Hazing Policies:

- **Lehigh University's Definition of Hazing:** "Hazing is any action taken or situation created, whether on or off campus, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Hazing includes but is not limited to any brutality of a physical nature, such as paddling, whipping, beating, branding, forced calisthenics, exposure to the elements, forced consumption of any food, liquor, drug or other substance, or any other forced physical activity that would subject the individual to physical harm or mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct which could result in extreme embarrassment, or any other forced activity which would adversely affect the mental health or dignity of the individual. Among prohibited activities are forced or coerced activities which create excessive fatigue; cause physical and psychological shocks; involve kidnapping; involve morally questionable quests, treasure hunts, scavenger hunts, or any other such activities; involve publicly wearing apparel that is conspicuous and not normally in good taste; cause students to engage in public stunts and buffoonery, morally degrading or humiliating games and activities, or late night activities which interfere with scholastic activities. Also prohibited are any activities that are in violation of federal, state, or local laws, this Code of Conduct, or accepted standards of good taste or propriety. For purposes of this definition, any activity described in this paragraph upon which the admission into or affiliation with an organization is directly or indirectly conditioned shall be presumed to be "forced or coerced" activity, the willingness of an individual to participate in such activity notwithstanding." -LU Student Handbook.

- **ZTA Hazing Policy:** Zeta Tau Alpha does not condone any form of hazing by any member, new member, or alumnae member. Such activities conflict with the Fraternity's ideals and traditions and project a negative image of the organization. ZTA collegiate chapters must develop new member programs that reflect the true meaning and high standards of sisterhood. These programs must not demean, embarrass, or endanger members or new members. Chapters that do not abide by this policy will be placed on National Probation, which can lead to the chapter's charter being revoked.
