Until now... your journey may have been outlined for you. You may have taken a predetermined path to arrive here at Lehigh.

But this journey is different. This journey is directed by you. The path is yours to create, a blank page full of countless possibilities. You decide what kind of relationships you want, how you will express your values and what success will look like for you. This booklet is yours to record your thoughts, ideas, notes and observations, which may come in the form of written words, doodles, sketches... whatever you conjure up with that creative mind of yours! Yes, there may be times you are asked to share your thoughts (or artistic sketches) with someone else at Lehigh, but we promise to return this book back to you.

This is your opportunity to create your Lehigh experience. We want you to DISCOVER the Five Foundations and EXPLORE what they mean to you. We want you to CONNECT your ideas and experiences, and APPLY what you learn to real world issues and situations, but you won’t have to do that alone. There are people here to help you design the best possible college and post-college experience. They are all around you – at your orientation, in the residence halls, in offices and student organizations across campus — in short, everywhere! Decide what skills you need to be successful and create your very own success team. Figure out who you want to be and where you want to go in life. Determine your path. Create YOUR BLUEPRINT to maximize your Lehigh experience.

You’ll use this booklet throughout your first year specifically during Orientation, the evolution Seminar, in your residence halls, in various involvement opportunities such as clubs and organizations or in the Greek community, and when you attend programs during the 5x10. So... the moral of this story is keep your Draft Book handy! You never know when you’ll want to jot down a few notes in the moment or be asked to share some of your previous reflections.
