5 FOUNDATIONS

CREATIVE CURIOSITY

encourages exploration of new ideas and concepts. Students are empowered to take control of their own learning, and develop the skills necessary to be lifelong learners and innovative problem solvers.

SELF CONCEPT

encourages students to strengthen self-worth by understanding their own identities and values and expressing oneself authentically.

HEALTHY CONNECTIONS

begin with taking care of yourself and thriving relationships take attention and care. Students are encouraged to reflect on helpful and harmful connections, establish personal needs and boundaries, and practice demonstrating empathy in their care for self and others.

CRITICAL CONSCIOUSNESS

is about acknowledging, questioning and challenging structural inequities and understanding diverse perspectives. We encourage students to reflect and empower them to become active citizens who engage in collaborative efforts to make positive change in their communities.

STRATEGIC ADAPTABILITY

recognizes that students are navigating in constantly changing environments. Students are encouraged to build skills in problem-solving, flexibility, and decision making by learning from failures and taking risks.

THE PRINCIPLES OF OUR EQUITABLE COMMUNITY

Lehigh University is first and foremost an educational institution, committed to developing the future leaders of our changing global society. Every member of our community has a personal responsibility to acknowledge and practice the following basic principles:

- We affirm the inherent dignity in all of us, and we maintain an inclusive and equitable community.
- We recognize and celebrate the richness contributed to our lives by our diverse community.
- We promote mutual understanding among the members of our community.
- We confront and reject discrimination in all its forms, including that based on age, color, disability, gender identity, genetic information, marital status, national or ethnic origin, political beliefs, race, religion, sex, sexual orientation, socio-economics, veteran status, or any differences that have been excuses for misunderstanding, dissension, or hatred.
- We affirm academic freedom within our community and uphold our commitment to the highest standards of respect, civility, courtesy, and sensitivity toward every individual.
- We recognize each person's right to think and speak as dictated by personal belief and to respectfully disagree with or counter another's point of view.
- We promote open expression of our individuality and our differences within the bounds of University policies.
- We acknowledge each person's obligation to the community of which we have chosen to be a part.
- We take pride in building and maintaining a culture that is founded on these principles of unity and respect.

Crafting our Communities with Care

Our Lehigh community is made up of many. You will have the chance to contribute and actively participate in crafting your own communities here. We hope that you will intentionally support and uplift each other with care as you do!

campaign

To recognize harmful norms that escalate into sexual harm and to identify how I've perpetuated them.

To intervene in situations where consent has not or cannot be given.

To join in the conversation about collective responsibility and therefore, collective action in preventing sexual violence.

To create an environment in which survivors are supported and sexual harm cannot be normalized.

Show Up to Help Survivors H.E.A.L.

H: Have resources to share

E: Educate yourself to become trauma informed

A: Advocate for all survivors

L: Listen to Survivors

We all have a role to play in preventing sexual violence.

- **Promote and practice** healthy attitudes and relationships
- **Seek** voluntary consent that is clear and specific when engaging in sexual activity
- **Speak up** when you hear harmful comments or when you see problematic behavior
- **Believe** survivors and assist them in finding help and resources

If someone you know tells you their story, here are examples of supportive thing you can say:

- I believe you.
- Thank you for telling me.
- It wasn't your fault.
- You did nothing wrong.
- I am here for you.
- You are brave.
- You are never alone.
- How can I help?

SEX COMMUNICATION AGREEMENT

- Describe what it would look like for you to give consent and how would you communicate that to a partner?
- What signs would you look for to know that you don't have or can't get consent from a partner?
- How would you intervene as a bystander in an incident of sexual misconduct?
- Where would you go or who would you contact at Lehigh if you have questions about sex/sexuality/sexual misconduct?
- As a new Lehigh student how could you contribute to creating a sexually safe and survivor supportive community at Lehigh?

I
pledge that as a Lehigh student I
will: talk honestly about sex with
potential partners; only engage in
consensual sex; not violate Lehigh's
sexual misconduct policy; intervene
in harmful situations; and believe
and support survivors of gender
based violence."

Instagram

While campus might be familiar,
your second year will be full of new
opportunities and challenges!

How do you think your sophomore year will be different?

Which foundation do you think you'll grow in next year?

Here are some things to think about as you prepare for sophomore year...

DECLARING YOUR MAJOR

What classes have you enjoyed the
most in your first year at Lehigh?
Connect with the Center for Career
& Professional Development to do
more career exploration, talk to
Lehigh people in particular fields,
and explore more about your
strengths and interests.

ENGAGING WITH THE COMMUNITY

South Bethlehem is our home and
we hope you get to explore it even
more and continue to be good
neighbors! Get started through
the Community Service Office or
explore the SouthSide Arts District!

UTILIZE YOUR CAMPUS RESOURCES

Lehigh's campus is full of different
resources to help each and every
student, so continue to take
advantage of them during your
sophomore year!

GETTING INVOLVED

It can be hard to get involved
in everything you wanted to
during your first year, but
you still have the chance
to explore. Check out LINC
for different clubs you can
join when you come back to
campus in the fall.

NEW ROOMMATE

Time to re-adjust and set
new expectations. Living with
friends can be fun and can
also be challenging. Be sure
to discuss expectations with
your new roommate(s) so that
you all can start off on the
right foot.

Look out for
