The 5x10, which reads as the five by ten, is a programming series open to all Lehigh students with a specific focus on first-year students and their connection to Lehigh. All first-year students are expected to attend five programs during the first ten weeks of the semester in at least three of the Five Foundations of bLUeprint (they could attend one program or event that addresses each of the Five Foundations). Students will have a wide variety of programs to help them make their selections.
